

ACTION: Notice.

SUMMARY: The National Center for Advancing Translational Sciences (NCATS) will host a public online forum to enable public discussion of the Center's proposals to reorganize its Office of Rare Diseases Research and Office of Grants Management and Scientific Review to the Division of Rare Diseases Innovation and the Division of Extramural Activities, respectively. The proposals seek to recognize the importance of rare diseases research to the Center and to align its extramural activities with those of other Institutes and Centers at the National Institutes of Health. The online forum will allow members of the public to review the reorganization proposals and submit comments.

DATES: The public online forum will become available on January 24, 2022 and will remain open for five calendar days, through January 29, 2022.

ADDRESSES: The public forum will be held online, at <https://ncats.nih.gov/about/center/proposed-reorganization> for the period of time listed above.

FOR FURTHER INFORMATION CONTACT: Christopher Maurer, Management Analyst, National Center for Advancing Translational Sciences, NIH, christopher.maurer2@nih.gov or 301-827-7280.

SUPPLEMENTARY INFORMATION: The NIH Reform Act of 2006 (42 U.S.C. Sec. 281(d)(4)) requires public notice of proposed reorganization plans. This announcement and the public forum serve as that notice.

Keith R. Lamirande,

Executive Officer, National Center for Advancing Translational Sciences.

[Docket No. USCG-2020-0278]

Port Access Route Study: Northern New York Bight

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability; final report.

SUMMARY: The First Coast Guard District announces the completion of the Northern New York Bight Port Access Route Study (NNYBPARS). The study was conducted to evaluate the adequacy of existing vessel routing measures and

determine whether additional vessel routing measures are necessary for port approaches to New York and New Jersey and international and domestic transit areas in the First Coast Guard District's area of responsibility. To accomplish this goal, the First Coast Guard District has undertaken measures to determine whether existing or additional routing measures are necessary to improve navigation safety due to factors such as planned or potential offshore development, current port capabilities and planned improvements, increased vessel traffic, existing and potential anchorage areas, changing vessel traffic patterns, effects of weather, or navigational difficulty. The NNYBPARS final report is available for viewing and download from the **Federal Register** docket at <http://www.regulations.gov> or the Coast Guard Navigation Center website at <https://www.navcen.uscg.gov/?pageName=PARSReports>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, contact Mr. Craig Lapiejko, Waterways Management at First Coast Guard District, telephone (617) 223-8351, email craig.d.lapiejko@uscg.mil.

II. Background and Purpose

When did the Coast Guard conduct this Port Access Route Study (PARS)?

We conducted this PARS following our announcement of the PARS in a notice published in the **Federal Register** on June 29, 2020, entitled "Port Access Route Study (PARS): Northern New York Bight," (85 FR 38907). The public was afforded a 60-day comment period, and two virtual public meetings were held via teleconference and webinar to receive public input. The Coast Guard received 25 comments in response to our **Federal Register** Notice, public meetings and other outreach efforts, which included announcement via a Marine Safety Information Bulletin (MSIB), publication in the Local Notice to Mariners (LNM), and Facebook and Twitter posts. All comments and supporting documents to this document are available in a public docket and can be viewed at <http://www.regulations.gov>.
