Agricultural Research Service

Notice of Federal Invention Available for Licensing and Intent to Grant Exclusive License

AGENCY: Agricultural Research Service, USDA.

ACTION: Notice of availability and intent.

SUMMARY: Notice is hereby given that the malting barley variety designated "Garnet" is available for licensing and that the Department of Agriculture, Agricultural Research Service, intends to grant to Conagra Malting of Vancouver, Washington, an exclusive license to this variety in selected countries outside the United States where breeder's rights are available.

DATES: Comments must be received on or before September 25, 2001.

ADDRESSES: Send comments to: USDA, ARS, Office of Technology Transfer, 5601 Sunnyside Avenue, Rm. 4-1158, Beltsville, Maryland 20705-5131.

FOR FURTHER INFORMATION CONTACT: June Blalock of the Office of Technology Transfer at the Beltsville address given above; telephone: 301-504-5257.

SUPPLEMENTARY INFORMATION: The Federal Government's intellectual property rights to this invention are assigned to the United States of America, as represented by the Secretary of Agriculture. It is in the public interest to so license this invention as Conagra Malting has submitted a complete and sufficient application for a license. The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within ninety (90) days from the date of this published Notice, Agricultural Research Service receives written evidence and argument which establishes that the grant of the license

would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Animal and Plant Health Inspection Service

[Docket No. 01-051-1]

Availability of a Draft Environmental Assessment for Field Testing Avian Encephalomyelitis-Fowl Pox-Laryngotracheitis Vaccine, Live Virus, Fowl Pox Vector

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that the Animal and Plant Health Inspection Service has prepared a draft environmental assessment concerning authorization to ship for the purpose of field testing, and then to field test, an unlicensed avian encephalomyelitis-fowl pox-laryngotracheitis vaccine for use in poultry. The environmental assessment, which is based on a risk analysis prepared to assess the risks associated with the field testing of this vaccine, examines the potential effects that field testing this veterinary vaccine could have on the quality of the human environment. Based on the risk analysis, we have reached a preliminary determination that field testing this veterinary vaccine will not have a significant impact on the quality of the human environment, and that an environmental impact statement need not be prepared. We intend to authorize shipment of this vaccine for field testing following the close of the comment period for this notice unless new substantial issues bearing on the effects of this action are brought to our attention. We also intend to issue a veterinary biological product license for this vaccine, provided the field test data support the conclusions of the environmental assessment and the issuance of a finding of no significant impact and the product meets all other requirements for licensure.

DATES: We invite you to comment on this docket. We will consider all comments that we receive by July 27, 2001.

ADDRESSES: Please send four copies of your comment (an original and three copies) to: Docket No. 01-051-1, Regulatory Analysis and Development, PPD, APHIS, Suite 3C03, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Please state that your comment refers to Docket No. 01-051-1.

Copies of the draft environmental assessment may be obtained by contacting the person listed under **FOR**
