Certain Frozen Warmwater Shrimp From India: Rescission of Antidumping Duty Administrative Review; 2020–2021, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On April 1, 2021, the Department of Commerce (Commerce) initiated an administrative review of the antidumping duty (AD) order on certain frozen warmwater shrimp (shrimp) from India for the period February 1, 2020, through January 31, 2021, for 239 companies. Because all interested parties timely withdrew their requests for administrative review for certain companies, we are rescinding this administrative review with respect to those companies. For a list of the companies for which we are rescinding this review, *see* Appendix I to this notice. For a list of the companies for which the review is continuing, *see* Appendix II to this notice.

DATES: Applicable August 20, 2021.

FOR FURTHER INFORMATION CONTACT: Adam Simons, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6172.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2021, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on frozen warmwater shrimp from India for the period February 1, 2020, through January 31, 2021.¹ In February and March 2021, Commerce received timely requests, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), to conduct an administrative review of this antidumping duty order from the Ad Hoc Shrimp Trade Action Committee (the petitioner), the American Shrimp

Processors Association (ASPA), and certain individual companies. Based upon these requests, on April 1, 2021, in accordance with section 751(a) of the Act, Commerce published in the **Federal Register** a notice of initiation listing 239 companies for which Commerce received timely requests for review.²

In May and June 2021, all interested parties timely withdrew their requests for an administrative review of certain companies.³ These companies are listed in Appendix I.

Partial Rescission

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. As noted above, certain parties withdrew their requests for review by the 90-day deadline. Accordingly, we are rescinding this administrative review with respect to the companies listed in Appendix I.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 86 FR 17126 (April 1, 2021).

³ See Minh Phu Group's Letter, "Request to Rescind Administrative Review and Notice of No Shipments," dated May 4, 2021; ASPA's Letter, "American Shrimp Processors Association's Partial Withdrawal of Review Requests," dated June 10, 2021; Petitioner's Letter, "Domestic Producers' Partial Withdrawal of Review Requests," dated June 10, 2021; Three Indian Producers' Letter, "Withdrawal of Requests for Administrative Reviews for Three Indian Producers/Exporters (02/01/20–01/31/21)," dated June 10, 2021; Eight Indian Producers' Letter, "Withdrawal of Requests for Administrative Reviews for Eight (8) Indian Producers/Exporters (02/01/20–01/31/21)," dated June 10, 2021; Royal Oceans' Letter, "Royal Oceans Withdrawal of Request for Review of the Antidumping Duty Order for period of February 01, 2020 to January 31, 2021," dated June 14, 2021; RSA Marines' Letter, "RSA Marines Withdrawal of Request for Review of the Antidumping Duty Order for period of February 01, 2020 to January 31, 2021," dated June 14, 2021; West Coast Frozen Foods Limited's Letter, "Withdrawal of Request for Antidumping Duty Admin Review of West Coast Frozen Foods Private Limited," dated June 14, 2021; B-One Business House Pvt. Ltd.'s Letter, "B-One Withdrawal of Request for Review of the Antidumping Duty Order for period of February 01, 2020 to January 31, 2021," dated June 15, 2021; and HN Indigos Pvt. Ltd.'s Letter, "HN Indigos Withdrawal of Request for Review of the Antidumping Duty Order for period of February 01, 2020 to January 31, 2021," dated June 29, 2021.

CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with section 751(a)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: August 16, 2021.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XB341]

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce.

ACTION: Notice of receipt.

SUMMARY: Notice is hereby given that NMFS has received an application from Stillwater Sciences to renew their U.S. Endangered Species Act (ESA) scientific enhancement permit (permit 20085-2R) involving invasive species removal from a southern California watershed (Chorro Creek) in San Luis Obispo County. Proposed activities within the permit application are expected to affect the threatened South Central California Coast (SCCC) Distinct Population Segment (DPS) of steelhead (*Oncorhynchus mykiss*). The public is hereby notified that the application for Permit 20085-2R is available for review and comment before NMFS either approves or disapproves the application.

DATES: Written comments on the permit application must be received at the appropriate email address (see

ADDRESSES) on or before September 20, 2021.

ADDRESSES: Written comments on the permit application should be submitted to NMFS' section 10(a)(1)(A) steelhead permit coordinator for southern California, Matt McGoogan, via email (matthew.mcgoogan@noaa.gov). The permit application is available for review online at the Authorizations and Permits for Protected Species website: https://apps.nmfs.noaa.gov/preview/preview_open_for_comment.cfm.

FOR FURTHER INFORMATION CONTACT: Matt McGoogan (phone: 562 980-4026; email: matthew.mcgoogan@noaa.gov).

SUPPLEMENTARY INFORMATION:

ESA-Listed Species Covered in This Notification

Threatened South Central California Coast Distinct Population Segment of steelhead (*Oncorhynchus mykiss*).

Authority

Scientific research and enhancement permits are issued in accordance with section 10(a)(1)(A) of the ESA (16 U.S.C. 1531 *et seq.*) and regulations governing listed fish and wildlife permits (50 CFR 222-227). NMFS issues permits based on findings that such permits: (1) Are applied for in good faith, (2) would not operate to the disadvantage of the listed species, which are the subject of the permits, and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits.

This notification is provided pursuant to section 10(c) of the ESA. NMFS will evaluate the application, associated documents, and any comment submitted to determine whether the application meets the requirements of section 10(a) of the ESA and Federal regulations. The final permit decisions will not be made until after the end of the 30-day comment period and consideration of any comment submitted therein. NMFS will publish notification of the final action on the subject permit application in the **Federal Register**.

Those individuals requesting a hearing on the application listed in this notification should provide the specific reasons why a hearing on the application would be appropriate (see **ADDRESSES**). Such a hearing is held at the discretion of the Assistant Administrator for Fisheries, NOAA.

All statements and opinions contained in the permit action summary are those of the applicant and do not necessarily reflect the views of NMFS.

Permit Application Received:

Permit 20085-2R

Stillwater Sciences (environmental consulting firm) has applied to renew their section 10(a)(1)(A) scientific enhancement permit (permit 20085-2R) involving an invasive species management effort focused on the removal of Sacramento pikeminnow (*Ptychocheilus grandis*) from the Chorro Creek watershed in San Luis Obispo County, California. The primary objectives of this effort involve: (1) Determining the distribution, abundance, size, and age structures of both pikeminnow and SCCC steelhead; (2) suppressing or eliminating pikeminnow from the watershed; (3) developing a plan for long-term pikeminnow management in the watershed; and (4) documenting changes in SCCC steelhead abundance and distribution in response to pikeminnow removal. Proposed enhancement activities include: (1) Conducting snorkel surveys to assess abundance and distribution of pikeminnow and SCCC steelhead; (2) using backpack electrofishing equipment, seine-nets, hook-and-line sampling, and spearfishing to capture pikeminnow; (3) anesthetizing any juvenile steelhead captured during electrofishing and seining activities prior to measuring weight and length; (4) returning any captured steelhead to Chorro Creek; and (5) humanely euthanizing and disposing of pikeminnow. Field activities for the proposed enhancement effort will occur during the summer and fall for ten years between October 2021, and December 2031. The annual take Stillwater Sciences is requesting for this effort is as follows: (1) Non-lethal capture and release of up to 1,500 juvenile steelhead while electrofishing, (2) non-lethal capture and release of up to 150 juvenile steelhead while seining, (3) non-lethal capture and release up to 10 juvenile steelhead while hook-and-line fishing, and (4) non-lethal observation of up to 2000 juvenile and 10 adult steelhead during instream snorkel surveys. The potential annual unintentional lethal take resulting from the proposed enhancement activities is up to 33 juvenile steelhead. Overall, no intentional lethal take of steelhead is proposed or expected as a result of these enhancement activities.

This proposed scientific enhancement effort is expected to support steelhead recovery in the Chorro Creek watershed and is consistent with recommendations and objectives outlined in NMFS' South Central California Steelhead Recovery Plan. See the application for Permit 20085-2R for greater details on the
