

Distribution of Copies of the Petitions

In accordance with section 702(b)(4)(A) of the Act and 19 CFR 351.202(f), copies of the public version of the Petitions have been provided to the GOI and GOR via ACCESS. To the extent practicable, we will attempt to provide a copy of the public version of the Petitions to each exporter named in the Petitions, as provided under 19 CFR 351.203(c)(2).

ITC Notification

Commerce will notify the ITC of its initiation, as required by section 702(d) of the Act.

Preliminary Determinations by the ITC

The ITC will preliminarily determine, within 45 days after the date on which the Petitions were filed, whether there is a reasonable indication that subject imports are materially injuring or threatening material injury to a U.S. industry.³⁴ A negative ITC determination for any country will result in the investigation being terminated with respect to that country.³⁵ Otherwise, these CVD investigations will proceed according to the statutory and regulatory time limits.

Submission of Factual Information

Factual information is defined in 19 CFR 351.102(b)(21) as: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). Section 351.301(b) of Commerce's regulations requires any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted³⁶ and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct.³⁷ Time limits for the submission of factual information are addressed in 19 CFR 351.301, which provides specific time limits based on the type of factual information being submitted. Interested parties should review the regulations prior to

submitting factual information in these investigations.

Extensions of Time Limits

Parties may request an extension of time limits before the expiration of a time limit established under 19 CFR 351.301, or as otherwise specified by Commerce. In general, an extension request will be considered untimely if it is filed after the expiration of the time limit established under 19 CFR 351.301. For submissions that are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. ET on the due date. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in a letter or memorandum of the deadline (including a specified time) by which extension requests must be filed to be considered timely. An extension request must be made in a separate, stand-alone submission; Commerce will grant untimely filed requests for the extension of time limits only in limited cases where we determine, based on 19 CFR 351.302, that extraordinary circumstances exist. Parties should review *Extension of Time Limits; Final Rule*, 78 FR 57790 (September 20, 2013), available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting extension requests or factual information in these investigations.

Certification Requirements

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information.³⁸ Parties must use the certification formats provided in 19 CFR 351.303(g).³⁹ Commerce intends to reject factual submissions if the submitting party does not comply with the applicable certification requirements.

Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. Parties wishing to participate in these investigations should ensure that they

meet the requirements of 19 CFR 351.103(d) (e.g., by filing the required letters of appearance).

This notice is issued and published pursuant to sections 702 and 777(i) of the Act, and 19 CFR 351.203(c).

Dated: February 16, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Investigations

The product covered by these investigations is granular polytetrafluoroethylene (PTFE) resin. Granular PTFE resin is covered by the scope of these investigations whether filled or unfilled, whether or not modified, and whether or not containing co-polymer, additives, pigments, or other materials. Also included is PTFE wet raw polymer. The chemical formula for granular PTFE resin is C₂F₄, and the Chemical Abstracts Service (CAS) Registry number is 9002–84–0.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise processed in a third country, including by filling, modifying, compounding, packaging with another product, or performing any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the granular PTFE resin.

The product covered by these investigations does not include dispersion or coagulated dispersion (also known as fine powder) PTFE.

PTFE further processed into micropowder, having particle size typically ranging from 1 to 25 microns, and a melt-flow rate no less than 0.1 gram/10 minutes, is excluded from the scope of these investigations.

Granular PTFE resin is classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 3904.61.0010. Subject merchandise may also be classified under HTSUS subheading 3904.69.5000. Although the HTSUS subheadings and CAS Number are provided for convenience and customs purposes, the written description of the scope is dispositive.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XA889]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

³⁴ See section 703(a) of the Act.

³⁵ *Id.*

³⁶ See 19 CFR 351.301(b).

³⁷ See 19 CFR 351.301(b)(2).

³⁸ See section 782(b) of the Act.

³⁹ See *Certification of Factual Information to Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*); see also frequently asked questions regarding the *Final Rule*, available at http://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf.

ACTION: Notice; public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Ad Hoc Southern Oregon/Northern California Coast (SONCC) Coho Workgroup (Workgroup) will host an online meeting that is open to the public.

DATES: The meeting will be held Thursday, March 25, 2021, from 9 a.m., Pacific Daylight Time, until 5 p.m., or until business for the day has been completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov) or contact him at (503) 820-2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Ms. Robin Ehlke, Pacific Council, (503) 820-2426.

SUPPLEMENTARY INFORMATION: The purpose of the meeting will be to continue to develop associated modeling and analysis needed for a risk analysis and potential harvest control rule alternatives for Pacific Council consideration. The Workgroup may also discuss and prepare for future Workgroup meetings and future meetings with the Pacific Council and its advisory bodies.

Although nonemergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov; (503) 820-2412) at least 10 business days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 18, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Highly Migratory Species (HMS) Scientific Research Permits, Exempted Fishing Permits, Letters of Acknowledgment, Display Permits, and Shark Research Fishery Permits

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on October 28, 2020, (85 FR 68306) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Highly Migratory Species (HMS) Scientific Research Permits, Exempted Fishing Permits, Letters of Acknowledgment, Display Permits, and Shark Research Fishery Permits.

OMB Control Number: 0648-0471.

Form Number(s): None.

Type of Request: Regular submission [request for extension of a currently approved information collection].

Number of Respondents: 145.

Average Hours per Response: 2 hours for a scientific research plan; 40 minutes for an application for an EFP, display permit, SRP, LOA, or shark research fishery permit; 1 hour for an interim report; 40 minutes for an annual fishing report; 15 minutes for an application for an amendment; 5 minutes for notification of departure phone calls to NMFS Enforcement; 10 minutes for calls to request and observer; and 2 minutes for "no-catch" reports.

Burden Hours: 165.

Needs and Uses: Exempted fishing permits (EFPs), scientific research permits (SRPs), display permits, letters of acknowledgment (LOAs), and shark research fishery permits are issued under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) (16 U.S.C. 1801 *et seq.*) and/or the Atlantic Tunas Convention Act (ATCA) (16 U.S.C. 971 *et seq.*). Issuance of EFPs and related permits is necessary for the collection of Atlantic Highly Migratory Species (HMS) for public display and scientific research that requires exemption from regulations (*e.g.*, seasons, prohibited species, authorized gear, minimum sizes) that otherwise may prohibit such collection. Display permits are issued for the collection of HMS for the purpose of public display, and a limited number of shark research fishery permits are issued for the collection of fishery-dependent data for future stock assessments and cooperative research with commercial fishermen to meet the shark research objectives of the Agency.

Regulations at 50 CFR 600.745 and 50 CFR 635.32 govern scientific research activity, exempted fishing, and exempted educational activities with respect to Atlantic HMS. Since the Magnuson-Stevens Act does not include scientific research within the definition of "fishing," scientific research is exempt from this statute, and NMFS does not issue EFPs for bona fide research activities (*e.g.*, research conducted from a research vessel and not a commercial or recreational fishing vessel) involving species that are only regulated under the Magnuson-Stevens Act (*e.g.*, most species of sharks) and not under ATCA. NMFS requests copies of scientific research plans for these activities and indicates concurrence by issuing a LOA to researchers to indicate that the proposed activity meets the definition of scientific research and is therefore exempt from regulation.

Scientific research is not exempt from regulation under ATCA. NMFS issues SRPs for collection of species managed under this statute (*i.e.*, tunas, swordfish, billfish, and some shark species), which authorize researchers to collect Atlantic HMS from bona fide research vessels (*e.g.*, NMFS or university research vessel). NMFS will issue an EFP when research/collection involving such species occurs from commercial or recreational fishing platforms.

To regulate these fishing activities, NMFS needs information to determine the justification for granting an EFP, LOA, SRP, display, or shark research fishery permit. The application
