

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. To assist the Forest Service in identifying and considering issues and concerns about the proposed action, public comment opportunities will continue to be provided throughout the EIS process. In addition to taking written comments, the Forest Service will hold a series of public meetings across the Forest during the late summer/early fall of 2009 to ensure that those who are interested have every opportunity to provide additional information or comments and to identify any issues or concerns they may have relative to the proposed action.

It is important that reviewers provide their comments at such times and in such a way that they are useful to the Agency's preparation of the EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions. The submission of timely and specific comments can affect a reviewer's ability to participate in subsequent administrative review or judicial review.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record on this proposed action and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, respondents who submit anonymous comments will not be granted standing to appeal the subsequent decision under 36 CFR Part 215 or judicial review. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied; the agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within a specified number of days.

Pressure Sensitive Plastic Tape From Italy: Final Results of Expedited Sunset Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 1, 2009, the Department of Commerce (the Department) initiated a sunset review of the antidumping duty finding on pressure sensitive plastic tape (PSP Tape) from Italy pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). The Department conducted an expedited (120-day) sunset review of this finding. As a result of this sunset review, the Department finds that revocation of the antidumping duty finding would be likely to lead to continuation or recurrence of dumping. The dumping margins are identified in the *Final Results of Review* section of this notice.

DATES: Effective Date: August 13, 2009.

FOR FURTHER INFORMATION CONTACT:

Terre Keaton Stefanova or Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1280 or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2009, the Department published the notice of initiation of the sunset review of the antidumping duty finding on PSP Tape from Italy pursuant to section 751(c) of the Act. See *Initiation of Five-Year Sunset Review*, 74 FR 20286 (May 1, 2009). The Department received a Notice of Intent to Participate on behalf of 3M Company (3M), a domestic producer of PSP Tape, within the deadline specified in 19 CFR 351.218(d)(1)(i). 3M claimed interested party status, under section 771(9)(C) of the Act, as a producer of a domestic like product in the United States. We received a complete substantive response from 3M within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive substantive responses from respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of this finding.
