SUPPLEMENTARY INFORMATION:

Summaries for each FAR rule follow. For the actual revisions and/or amendments made by these FAR rules, refer to the specific item numbers and subjects set forth in the documents following these item summaries. FAC 2023–03 amends the FAR as follows:

Item I—Removal of FAR Subpart 8.5,
Acquisition of Helium (FAR Case 2022–
007)

This final rule amends the FAR to implement the statutory expiration of the Federal Helium System in accordance with the Helium Stewardship Act of 2013 (Pub. L. 113–40). The Helium Stewardship Act required the disposal of the Federal Helium System by September 30, 2021. The Federal In-Kind Program ended a year later, on September 30, 2022. Agencies now procure helium on the

open market as they do for other requirements.

The final rule will not have a significant economic impact on a substantial number of small entities because it removes all of the procedures and reporting requirements associated with helium procurements currently in the FAR. Procurements for helium shall be conducted using the most appropriate methods in the FAR.

Item II—Exemption of Certain
Contracts From the Periodic Inflation
Adjustments to the Acquisition-Related
Thresholds (FAR Case 2022–002)

This final rule amends the FAR to add a new statutory exception for certain performance and payment bonds requirements for construction contracts to the already established list of acquisition-related thresholds not subject to escalation. These updates

ensure that the current dollar thresholds are retained for performance and payment bonds as well as the threshold for alternatives to such bonds. This rule is not expected to have a significant impact on the Government or industry, to include small entities, because the rule maintains acquisition-related thresholds that have been in the FAR for several years.

Item III—Technical Amendments

Administrative change is made at FAR 7.403.

Director, Office of Government-wide
Acquisition Policy, Office of Acquisition
Policy, Office of Government-wide Policy.
