SUPPLEMENTARY INFORMATION:

I. Abstract

The Annual Survey of Selected Services Transactions with Unaffiliated Foreign Persons (Form BE-22) obtains reliable and up-to-date information on selected U.S. services transactions with unaffiliated foreign persons. It is intended to update the results of the BE-20, Benchmark Survey of Selected Services Transactions with Unaffiliated Foreign Persons. The BE-20 survey is conducted once every five years, and the last survey covered 1996. A BE-22 survey is conducted each of the four years between the two benchmark surveys; the last BE-22 survey covered 1999. Some of the major purposes of the survey are to provide information needed in formulating U.S. international trade policy on services, supporting bilateral and multilateral trade negotiations and monitoring trade agreements, compiling the U.S. international transactions and national income and product accounts, assessing and promoting U.S. competitiveness in international trade in services, and improving the ability of U.S. businesses to identify and evaluate market opportunities. No changes are being proposed for Form BE-22.

II. Method of Collection

The BE-22 survey must be filed by each U.S. person that had transactions (either sales or purchases) in excess of \$1,000,000 with an unaffiliated foreign person in any of the services covered by the survey. If a U.S. person had transactions (either sales or purchases) in the types of services covered by the survey but they were \$1,000,000 or less, the U.S. person is requested to

voluntarily provide an estimate of the total for each type of service. The data collected are sample data covering the transactions between U.S. persons and unaffiliated foreign persons. Universe estimates are developed from the reported sample.
