Abstract: The Secretary of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Under various laws, the

Secretary's responsibility is to manage mineral resources production on Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected. ONRR performs the royalty management functions and assists the Secretary in carrying out the Department's responsibilities. We have posted those laws pertaining to mineral leases on Federal and Indian lands and the OCS at http://www.onrr.gov/Laws_R_D/PubLaws/default.htm.

General Information

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information that ONRR collects includes data necessary to ensure that the lessee accurately values the production and appropriately pays all royalties and other mineral revenues due.

The Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), as amended by sections 3, 4, and 8 [for Federal lands] of the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996, authorizes the Secretary to develop delegated and cooperative agreements with States (section 205) and Indian Tribes (section 202) to carry out certain inspection, auditing, investigation, and limited enforcement activities for oil and gas leases in their jurisdictions. The States and Indian Tribes are working partners with ONRR and are an integral part of the overall onshore and offshore compliance effort. The Appropriations Act of 1992 also authorizes the States and Indian Tribes to perform the same functions for coal and other solid mineral leases.

Information Collections

This Information Collection Request (ICR) covers the paperwork requirements in the regulations under title 30, *Code of Federal Regulations* (CFR), parts 1227, 1228, and 1229. This collection of information is necessary in order for States and Indian Tribes to conduct audits and related investigations of Federal and Indian oil, gas, coal, any other solid minerals, and geothermal royalty revenues from Federal and Tribal leased lands.

Relevant parts of the regulations include 30 CFR parts 1227, 1228, and 1229, as described below:

Title 30 CFR part 1227—Delegation to States, provides procedures to delegate certain Federal minerals revenue management functions to States for Federal oil and gas leases. The regulations provide only audit and investigation functions to States for Federal geothermal and solid mineral leases, and leases subject to section 8(g) of the OCS Lands Act, within their respective State boundaries. To be considered for such delegation, States must submit a written proposal to ONRR, which ONRR must approve. States also must provide quarterly reimbursement vouchers and reports concerning the activities under the delegation to ONRR.

Title 30 CFR part 1228—Cooperative Activities with States and Indian Tribes, provides procedures for Indian Tribes to carry out audits and related investigations of their respective leased lands. Indian Tribes must submit a written proposal to ONRR in order to enter into a cooperative agreement. The proposal must outline the activities that the Tribe will undertake and must present evidence that the Tribe can meet the standards of the Secretary to conduct these activities. The Tribes also must submit an annual work plan and budget, as well as quarterly reimbursement vouchers.

Title 30 CFR part 1229—Delegation to States, provides procedures for States to carry out audits and related investigations of leased Indian lands within their respective State boundaries, by permission of the respective Indian Tribal councils or individual Indian mineral owners. The State must receive the Secretary's delegation of authority and submit annual audit work plans detailing its audits and related investigations, annual budgets, and quarterly reimbursement vouchers. The State also must maintain records.

OMB Approval

We will request OMB approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge the duties of the office and may also result in the inability to confirm the accurate royalty value. ONRR protects any proprietary information received under this collection and does not collect items of a sensitive nature. States and Tribes must respond in order to obtain the benefit of entering into a cooperative agreement with the Secretary.

Title of Collection: 30 CFR parts 1227, 1228, and 1229, Delegated and

Cooperative Activities with States and Indian Tribes.

OMB Control Number: 1012-0003.

Form Numbers: None.

Type of Review: Extension of currently approved collection.

Respondents/Affected Public: States and Indian Tribes.

Total Estimated Number of Annual Responses: 9 States and 6 Indian Tribes.

Total Estimated Number of Annual Responses: 210.

Estimated Completion Time per Response: 75.50 hrs.

Total Estimated Number of Annual Burden Hours: 16,697 hours.

Respondent's Obligation: Required to obtain or retain benefit.

Frequency of Collection: Based on the functions performed, responses are monthly, quarterly, annually, on occasion, and varied.

Total Estimated Annual Non-hour Burden Cost: We have identified no "non-hour cost" burden associated with this collection of information.

We have not included in our estimates certain usual and customary requirements that States and Tribes perform in the normal course of business. This 30-day **Federal Register** notice burden chart shows an adjustment decrease of – 1,008 burden hours from the previous 30-day notice published August 25, 2015 (80 FR 51597).
