FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 22–117; RM–11923; DA 22–1231; FR ID 117280]

Television Broadcasting Services Great Falls, Montana

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: On March 10, 2022, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking (NPRM)* in response to a petition for rulemaking filed by Scripps Broadcasting Holdings LLC (Petitioner), the licensee of KRTV(TV) (Station), channel 7, Great Falls, Montana, requesting the substitution of channel 22 for channel 7 at Great Falls in the Table of Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 22 for channel 7 at Great Falls.

DATES: Effective December 29, 2022.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647 or Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: The proposed rule was published at 87 FR 16157 on March 22, 2022. The Petitioner filed comments in support of the petition reaffirming its commitment

to apply for channel 22. No other comments were filed.

The *Report and Order* substitutes channel 22 for channel 7 at Great Falls, Montana. According to the Petitioner, it has received many complaints from viewers unable to receive a reliable signal on VHF channel 7, and the Commission has recognized that VHF channels have certain characteristics that pose challenges for their use in providing digital television service. The Engineering Statement provided with the Petition confirmed that the proposed channel 22 contour would continue to reach virtually all of the population within the Station's current service area and fully cover the city of Great Falls. An analysis using the Commission's *TVStudy* software tool indicates that KRTV's move from channel 7 to channel 22 is predicted to create a small area where 554 persons are predicted to lose service. The loss area, however, is partially overlapped by the noise limited contour of other Scripps owned CBS affiliated stations. Once those other sources of CBS programming are factored into the loss analysis, the new loss area that would be created by the proposed channel substitution would contain only 255 persons, which is a level of service loss the Commission considers to be *de minimis*. Concurrence from the Canadian government was required and has been obtained.

This is a synopsis of the Commission's *Report and Order*, MB Docket No. 22–117; RM–11923; DA 22–1231, adopted November 29, 2022, and released November 29, 2022.
