

substation on an adjacent approved solar facility and connect into the regional transmission system via the Cielo Azul 500 kV switching station and Ten West Link 500 kV transmission line. Overhead 69 kV connection lines would extend approximately 2 miles in a proposed utility easement on La Paz County land to the Cielo Azul switching station. The Applicant has incorporated numerous design features into the Proposed Action to avoid or minimize adverse environmental effects during construction, operation, and decommissioning. These plans and procedures are provided as appendices to the Proposed Plan of Development and the Final EIS.

The Final EIS analyzes three alternatives:

- *No Action*, in which the BLM would not approve the ROW to authorize construction, operation and maintenance, and decommissioning of the Project, resulting in a continuation of existing conditions;
- *Proposed Action*, in which the BLM would approve the ROW to authorize construction, operation and maintenance, and decommissioning of the Project consistent with the detailed Project description above; and
- *Wash Avoidance Alternative*, in which the BLM would approve the ROW consistent with the design of the Proposed Action, except that the ROW would not authorize construction in a desert wash within the Project Area and near known environmentally sensitive sites, and would require using specified setbacks to enhance resource conservation opportunities.

Based on the analyses contained in the Final EIS for the proposed Jove Solar Project, and after carefully considering input from the public and cooperating agencies, the BLM has selected the *Wash Avoidance Alternative* as the preferred alternative, as it would further reduce impacts to native vegetation communities, wildlife movement, and natural hydrological drainage relative to the Proposed Action.

#### Public Participation

In addition to making the Draft EIS available for public comment, the BLM hosted one virtual public meeting during the comment period. The BLM received 26 written comments, including from Federal and State agencies, non-governmental organizations, construction and equipment vendors, Tribal Nations, and members of the general public. The BLM addressed these comments in the Final EIS. The BLM will continue to consult with Indian Tribal Nations on a government-to-government basis in

accordance with Executive Order 13175, the BLM Manual Section (MS) 1780, and other Departmental policies. Public comments received on the Draft EIS and internal BLM review were considered and incorporated as appropriate into the Final EIS. Public comments and internal BLM review resulted in the addition of clarifying text, including the elimination of sub-alternatives no longer being considered. The revisions and edits have not significantly changed the impact analyses.

#### Schedule for the Decision-Making Process

The BLM anticipates releasing a Record of Decision in December 2024. The BLM will decide whether to issue a decision granting, granting with modifications, or denying the application for the ROW.

### National Register of Historic Places; Notification of Pending Nominations and Related Actions

**AGENCY:** National Park Service, Interior.  
**ACTION:** Notice.

**SUMMARY:** The National Park Service is soliciting electronic comments on the significance of properties nominated before November 2, 2024, for listing or related actions in the National Register of Historic Places.

**DATES:** Comments should be submitted electronically by December 2, 2024.

**ADDRESSES:** Comments are encouraged to be submitted electronically to [National\\_Register\\_Submissions@nps.gov](mailto:National_Register_Submissions@nps.gov) with the subject line “Public Comment on <property or proposed district name, (County) State>.” If you have no access to email, you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

**FOR FURTHER INFORMATION CONTACT:** Sherry A. Frear, Chief, National Register of Historic Places/National Historic Landmarks Program, 1849 C Street NW,

MS 7228, Washington, DC 20240, [sherry\\_frear@nps.gov](mailto:sherry_frear@nps.gov), 202–913–3763.

**SUPPLEMENTARY INFORMATION:** The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before November 2, 2024. Pursuant to Section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State or Tribal Historic Preservation Officers.

**Key:** State, County, Property Name, Multiple Name (if applicable), Address/Boundary, City, Vicinity, Reference Number.

**BILLING CODE 4312-52-P**

**DEPARTMENT OF THE INTERIOR****Bureau of Ocean Energy Management**

[Docket No. BOEM-2024-0055]

**Notice of Availability of a Final  
Environmental Impact Statement for  
SouthCoast Wind Energy LLC's  
Proposed SouthCoast Wind Energy  
Project Offshore Massachusetts and  
Rhode Island**

**AGENCY:** Bureau of Ocean Energy  
Management, Interior.

**ACTION:** Notice of availability; final  
environmental impact statement.

**SUMMARY:** The Bureau of Ocean Energy  
Management (BOEM) announces the  
availability of the final environmental  
impact statement (FEIS) for SouthCoast  
Wind Energy LLC's (SouthCoast Wind)  
construction and operations plan (COP)  
for its proposed SouthCoast Wind  
Project (Project) offshore Massachusetts  
and Rhode Island. The FEIS analyzes  
the potential environmental impacts of  
the Project as described in the COP (the  
proposed action) and the alternatives to  
the proposed action, including the no  
action alternative. The FEIS will inform  
BOEM's decision whether to approve,  
approve with conditions, or disapprove  
the COP.

**ADDRESSES:** The FEIS and detailed  
information about the Project, including  
the COP, can be found on BOEM's  
website at: [https://www.boem.gov/  
renewable-energy/state-activities/  
southcoast-wind-formerly-mayflower-  
wind](https://www.boem.gov/renewable-energy/state-activities/southcoast-wind-formerly-mayflower-wind).

**FOR FURTHER INFORMATION CONTACT:**  
Genevieve Brune, BOEM Office of  
Renewable Energy Programs, 45600  
Woodland Road, Sterling, Virginia  
20166, (703) 787-1553 or  
[genevieve.brune@boem.gov](mailto:genevieve.brune@boem.gov).

**SUPPLEMENTARY INFORMATION:**

*Proposed Action:* SouthCoast Wind  
seeks approval to construct, operate,  
and maintain a wind energy facility and  
its associated export cables on the Outer  
Continental Shelf (OCS) offshore  
Massachusetts and Rhode Island. The  
Project would be developed within the  
range of design parameters outlined in  
the SouthCoast Wind COP, subject to  
the applicable mitigation measures.

The Project would be located about 26  
nautical miles (nm) (48 kilometers)  
south of Martha's Vineyard and 20 nm  
(37 kilometers) south of Nantucket in  
the area defined in BOEM's renewable  
energy lease number OCS-A 0521  
(Lease Area). The Lease Area covers  
approximately 127,388 acres. The  
Project would be developed in two parts  
or projects: Project 1 refers to the
