The benchmark is defined as the rolling average of rates for the past 40 business days. When we determine a fluctuation exists, we substitute the benchmark for the daily rate. In this case, there was no currency fluctuation.

Preliminary Results of Review

As a result of this review, we preliminarily find that the following weighted-average dumping margin exists:

Pursuant to 19 CFR 351.224, the Department will disclose to any party to the proceeding, within ten days of publication of this notice, the calculations performed. Any interested party may request a hearing within 30 days of publication. Any hearing, if requested, will be held 37 days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 35 days after the date of publication. Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue, (2) a brief summary of the argument and (3) a table of authorities. Further, the Department requests that parties submitting written comments provide the Department with an additional copy of the public version of any such comments on a computer diskette. The Department will publish the final results of this administrative review, which will include the results of its analysis of issues raised in any such written comments or at a hearing, within 120 days after the publication of this notice.

Assessment

Upon issuance of the final results of review, the Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. The

Department will issue appraisal instructions directly to Customs within fifteen days of publication of the final results of review. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the results and for future deposits of estimated duties. For duty assessment purposes, we calculated an importer-specific assessment rate by dividing the total dumping margins calculated for the U.S. sales to the importer by the total entered value of these sales. If the preliminary results are adopted in the final results of review, this rate will be used for the assessment of antidumping duties on all entries of the subject merchandise by that importer during the POR.

Cash Deposits

The following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided in section 751(a)(1) of the Act: (1) The cash deposit rate for Ugine will be that established in the final results of this review; (2) for previously reviewed or investigated companies not covered in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established in the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will continue to be the "all others" rate established in the LTFV investigation, which was 9.38 percent. *See Antidumping Duty Order* at 40565.

If we determine in the final results that Ugine & ALZ France is the successor to Ugine for purposes of applying the antidumping duty law, Ugine will no longer have its own company-specific cash deposit rate.

Notification to Interested Parties

This notice serves as a preliminary reminder to importers of their responsibility under regulation 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this

requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice is published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 31, 2003.

Joseph A. Spetrini,

Acting Assistance Secretary for Grant Aldonas, Import Administration.
