SUPPLEMENTARY INFORMATION: This is a summary of the Commission's document (Public Notice), DA 20-1128, released on September 24, 2020. The full text of this document is available for public inspection and can be downloaded at <https://docs.fcc.gov/public/attachments/DA-20-1128A1.pdf>. The full text of this document can also be obtained at the following internet address: <https://www.fcc.gov/document/wcb-and-oea-announce-availability-ics-database>.

By the Public Notice, the Wireline Competition Bureau (Bureau) and Office of Economics and Analytics (OEA) announce the availability of the database developed by Commission staff for use in the *Rates for Interstate Inmate Calling Services* proceeding (the ICS Database) under the terms of the *Protective Order* in this proceeding (28 FCC Rcd 16954). The Commission used this ICS Database in developing its rate cap proposals in the recent *2020 ICS Notice*.

The ICS Database contains confidential information submitted to the Commission by providers of calling services for incarcerated individuals, including cost and revenue information that each provider submitted in response to the Commission's Second Mandatory Data Collection. The database also includes geocoding information related to facility locations added by the Commission staff that outside parties might find difficult to replicate. Making this database available will allow interested parties to rely on a common dataset in evaluating and responding to the Commission's rate cap proposals in this proceeding, while ensuring providers remain protected against the unwarranted disclosure of their confidential information.

To request access to the ICS Database, interested individuals must first satisfy the requirements of the *Protective Order*. Under the terms of the *Protective Order*, access to information submitted under a claim of confidentiality is limited to counsel and outside consultants who are not involved in competitive decision-making, who have executed the Acknowledgement of Confidentiality appended to that *Order*, and who meet the other requirements of that *Order*. Individuals who qualify thereunder should contact the Bureau's staff, as set forth below. Before making

the database available, Bureau staff will require each qualified person seeking access to execute a separate Recipient Acknowledgment governing use of the ICS Database, attached hereto. As detailed more fully in the Recipient Acknowledgment, recipients will be obligated to ensure that their copies of the database are not duplicated (whether in full or in part) and that there will be no disclosure of any of the confidential information in the database except as specifically permitted by the *Protective Order*. Any other use of any confidential information contained in the ICS Database will constitute a violation of an order of the Federal Communications Commission.

Associate Bureau Chief, Wireline Competition Bureau.
