Nancy Adams, National Institute for Occupational Safety and Health (NIOSH); Telephone: (540) 431-8024; Email: dcas@cdc.gov (Specify in the email subject line, "Advisory Board on Radiation and Worker Health Nomination").

SUPPLEMENTARY INFORMATION: The Centers for Disease Control and Prevention (CDC) invites interested parties to submit nominations for individuals to serve on the ABRWH for the Energy Employees Occupational Illness Compensation Program Act of 2000. The ABRWH was established pursuant to Section 3624 of Public Law 106-398, and Section 4 of Executive Order 13179, "Providing Compensation to America's Nuclear Weapons Workers," dated December 7, 2000. The ABRWH is governed by the provisions of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. app. 2), which sets forth standards for the formation and use of advisory committees. The statutory authority for the ABRWH is codified at 42 U.S.C. 7384o. The ABRWH currently operates under Executive Order 13889, dated September 27, 2019.

Section 4(b) of Executive Order 13179 establishes that the ABRWH shall provide advice to the Secretary, HHS on (1) the development of guidelines to assess the likelihood that an individual with cancer sustained the cancer in the performance of duty at a Department of Energy (DOE) or an Atomic Weapons Employer (AWE) facility, and methods

for arriving at and providing reasonable estimates of the radiation doses received by individuals applying for assistance under this program for whom there are inadequate records of radiation exposure; (2) the scientific validity and quality of dose reconstruction efforts performed for purposes of the compensation program; and (3) upon request by the Secretary, HHS, whether there is a class of employees at any DOE or AWE facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation dose may have endangered the health of members of the class. More information on the ABRWH is available at <https://www.cdc.gov/niosh/ocas/ocasadv.html>.

As required by 42 U.S.C. 7384o(a)(2), the President shall make appointments to the Board in consultation with organizations with expertise on worker health issues in order to ensure that the membership of the Board reflects a balance of scientific, medical, and worker perspectives. The U.S. Department of Health and Human Services (HHS) policy stipulates that committee membership shall be made without discrimination on the basis of race, color, sex, religion, ethnicity, age, disability, gender, sexual orientation, gender identity, HIV status, genetic information, cultural, religious, or socioeconomic status. Minorities, women, and people with disability are encouraged to submit their nomination. Nominees must be U.S. citizens, and cannot be full-time employees of the U.S. government. Current participation on Federal workgroups or prior experience serving on a Federal advisory committee does not disqualify a candidate; however, HHS policy is to avoid excessive individual service on advisory committees and multiple committee memberships. ABRWH members are Special Government Employees (SGEs), requiring the filing of financial disclosure reports, and they serve with compensation and may receive reimbursement for travel expenses for their attendance at ABRWH meetings, including per diem in lieu of subsistence, as authorized by the Federal travel regulations. The activities of the ABRWH may necessitate its members to obtain a top-secret security clearance.

HHS may consider representation of a nominee's knowledge, experience, and expertise in the fields of health physics, industrial hygiene, toxicology, epidemiology, occupational medicine, or the worker perspective in the nuclear facilities spanning the operationally and geographically diverse DOE and AWE
