Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Native Youth Community Adaptation and Leadership Congress

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing a new information collection in use without an OMB Control Number.

DATES: Interested persons are invited to submit comments on or before November 23, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB/PERMA (JAO/3W), 5275 Leesburg Pike, Falls Church, VA 22041–3803 (mail); or by email to Info_Coll@fws.gov. Please reference OMB Control Number 1018–NYCALC in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358–2503. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1–800–877–8339 for TTY assistance. You may also view the information collection request (ICR) at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the

public understand our information collection requirements and provide the requested data in the desired format.

On May 26, 2020, we published in the **Federal Register** (85 FR 31543) a notice of our intent to request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on July 27, 2020. We received the following comments in response to that notice:

Comment 1: Comment received via email from Jean Public on May 26, 2020—Commenter believes taxpayer funds associated with the Native Youth Community Adaptation and Leadership Congress (NYCALC) Program should be used only for Alaska Natives.

Agency Response to Comment 1: No action was taken, as the NYCALC program is already open to Alaska Natives, with a strong emphasis on recruitment from Alaska.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Service offers eligible Native American, Alaskan Native, and Pacific Islander high school students the opportunity to apply for the Native Youth Community Adaptation and Leadership Congress (Congress). The mission of the Congress is to develop future conservation leaders with the skills, knowledge, and tools to address environmental change and conservation challenges to better serve their schools and home communities. The Congress supports and operates under the following authorities:

- Executive Order (E.O.) 13175, “Consultation and Coordination With Indian Tribal Governments” (November 6, 2000);
- E.O. 13515, “Increasing Participation of Asian Americans and Pacific Islanders in Federal Programs” (October 14, 2009);
- E.O. 13592, “Improving American Indian and Alaska Native Educational Opportunities and Strengthening Tribal Colleges and Universities” (December 2, 2011);
- Public Law 116–9, Section 9003, “John D. Dingell, Jr. Conservation, Management, and Recreation Act” (March 12, 2019);
- 16 U.S.C. 1727b, Indian Youth Service Corps;
- White House Memorandum on Government-to-Government

Relationships with Native Governments (September 27, 2004);

- Department of the Interior Secretarial Order (S.O.) 3206, “American Indian Tribal Rights, Federal-Tribal Trust Responsibilities, and the Endangered Species Act” (June 5, 1997);
- S.O. 3317, “DOI Policy: Department of the Interior Policy on Consultation with Indian Tribes” (December 1, 2011);
- S.O. 3335, “Reaffirmation of the Federal Trust Responsibility to Federally Recognized Indian Tribes and Individual Indian Beneficiaries” (August 20, 2014); and
- Service Policy 520 FW 1, “Native American Policy” (January 20, 2016).

The weeklong environmental conference fosters an inclusive, meaningful, and educational opportunity for aspiring Native youth leaders interested in addressing environmental issues facing Native American, Alaskan Native, and Pacific Islander communities. Eligible students—representing a diverse mix of Native communities from various geographic locations, both urban and rural—compete for the opportunity to represent their Native communities from across the country. The students learn about environmental change and conservation while strengthening their leadership skills for addressing conservation issues within their own Native communities.

Through a cooperative agreement with the New Mexico Wildlife Federation (NMWF), the Service solicits and evaluates applications from eligible students interested in applying for the program. The NMWF notifies successful applicants and arranges all travel for them. Information collected from each applicant via an online application administered by the NMWF includes:

- Applicant’s full name, contact information, date of birth, and Tribal/community affiliation;
- Emergency contact information for applicant;
- Name and contact information of applicant’s mentor;
- Applicant’s school name and address;
- Applicant’s current grade in school;

- Applicant’s participation in extracurricular activities, school clubs, or community organizations;
- Applicant’s volunteer experience; and

- Applicant’s accomplishments or awards received.

Each applicant also provides essay responses to questions concerning topics such as environmental issues affecting his or her home/Tribal community, how or whether the environmental issues are addressed, and/or how, as a Native youth leader, he or she can lead the community in adapting to a changing environment. Successful applicants must also provide basic medical information to assure their health and safety while on site at the National Conservation Training Center for the Congress. The on-site nurse keeps this information strictly confidential, for use only in an emergency.

The following Federal partners assist and support the Service’s administration of the Congress:

- The U.S. Department of the Interior—
 - Bureau of Indian Affairs;
 - Bureau of Land Management;
 - National Park Service;
 - United States Geological Survey;
- The U.S. Department of Agriculture—U.S. Forest Service;
- The U.S. Department of Commerce—National Oceanic and Atmospheric Administration;
- The Federal Emergency Management Agency; and
- The National Aeronautics and Space Administration.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below.

We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The National Map Corps (TNMCorps) is the name of the U.S. Geological Survey (USGS) National Geospatial Program (NGP) project that encourages citizen participation in volunteer map data collection activities. TNMCorps uses crowdsourcing—new technologies and internet services to georeference structure points and share this information with others on map-based internet platforms—to produce volunteered geographic information (VGI). People participating in the crowd sourcing are considered part of the TNMCorps. In general, the National Structures Dataset (NSD) has been populated with the best available national data. This data has been exposed for initial improvement by TNMCorps volunteers via the online Map Editor (the instrument). In addition, the data goes through a tiered-editing process, which includes Peer Review and Advanced Editors. At each stage the data is passed through an automatic “magic filter” to look for data issues before being submitted into the NSD. In addition data goes through sampling for quality assurance procedures.

Data within the NSD is available to the USGS; as well as to the public, at no cost via The National Map and US Topo.

Data quality studies in 2012, 2014, and 2018 showed that the volunteers' actions were accurate and exceeded USGS quality standards. Volunteer-

collected data showed an improvement in both location and attribute accuracy for existing data points. Completeness, or the extent to which all appropriate features were identified and recorded, was also improved.

Title of Collection: The National Map Corps—Volunteered Geographic Information Project.

OMB Control Number: 1028-0111.

Form Number: None.

Type of Review: Renewal of a currently approved collection.

Respondents/Affected Public: General public.

Total Estimated Number of Annual Respondents: 665.

Total Estimated Number of Annual Responses: 100,000.

Estimated Completion Time per Response: 12 minutes on average.

Total Estimated Number of Annual Burden Hours: 20,000.

Respondent's Obligation: Voluntary.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: There are no “non-hour cost” burdens associated with this IC.
