(1) In the event of such a disruption in 911 service, the 911 NOC Provider shall request information from any other affected covered 911 service provider(s) regarding their situational awareness of the cause and scope of the outage from the origination to the completion of 911 communications, including voice calls, ALI, ANI, LIS, and text-to-911. The 911 NOC Provider shall then communicate to any other affected covered 911 service providers, PSAPs, state emergency management offices, and to the Commission's Operations Center, all information reasonably available to mitigate the effects of the disruption and to restore service.

(2) All other covered 911 service providers shall communicate to the 911 NOC Provider all reasonably available information regarding the cause and scope of a disruption in 911 service that occurs on or affects portions of the 911 network that they own, lease, or otherwise operate or control and shall respond promptly to any request for such information by the 911 NOC Provider.
