Revised Notice of Application Accepted for Filing and Soliciting Motions to Intervene, Protests, and Comments

August 15, 2001.

Take notice that the following hydroelectric application has been filed

with the Commission and is available for public inspection:

a. *Type of Application:* Preliminary Permit.

b. *Project No.:* 11873-000.

c. *Date filed:* January 23, 2001.

d. *Applicant:* Symbiotics, LLC.

e. *Name of Project:* Star Falls Project.

f. *Location:* On the Snake River, in Twin Falls and Jerome Counties, Idaho. Would occupy federal land managed by the Bureau of Land Management.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Mr. Brent L. Smith, President, Northwest Power Services, Inc., P. O. Box 535, Rigby, ID 83442, (208) 745-8630.

i. *FERC Contact:* Robert Bell, (202) 219-2806.

j. *Deadline for filing motions to intervene, protests and comments:* 30 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426.

Please include the project number (P-11873-000) on any comments, protests, or motions filed.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Project:* The proposed project would consist of: (1) A proposed 400-foot-long, 20-foot-high diversion dam, (2) a proposed impoundment having a surface area of 14 acres with negligible storage, (3) two proposed 1,300-foot-long, 24-foot-diameter steel penstocks, (4) a proposed powerhouse containing two generating units having a total installed capacity of 25 MW, (5) a proposed 138 kV transmission line, and (6) appurtenant facilities. The project would have an annual generation of 104 GWh that would be sold to a local utility.

On April 3, 2001, the Commission issued a public notice with a comment period ending on June 4, 2001. The notice contained an inaccurate description of the project in that the project dam was described as existing instead of proposed.

All comments filed to date will be considered. If you wish to revise your comments in view of this corrected

project description please file your comments within 30 days of the issuance date of this notice.

l. Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the Commission's web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions ((202)208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and follow the instructions on the Commission's web site under the "e-filing" link. A copy is also available for inspection and reproduction at the address in item h above.

m. *Preliminary Permit*: Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

n. *Preliminary Permit*: Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

o. *Notice of Intent*: A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

p. *Proposed Scope of Studies Under Permit*: A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit

would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

q. *Comments, Protests, or Motions to Intervene*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

r. *Filing and Service of Responsive Documents*: Any filings must bear in all capital letters the title "COMMENTS", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

s. *Agency Comments*: Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

David P. Boergers,
Secretary.

EPA Science Advisory Board; Notification of Public Advisory Committee Meeting

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the EPA Science Advisory Board's (SAB) Executive Committee will conduct a public teleconference meeting on September 17, 2001 between the hours of 1:00 pm to 3:00 pm Eastern Time. The meeting will be coordinated through a conference call connection in Room 6013 in the USEPA, Ariel Rios Building, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. The public is encouraged to attend the meeting in the conference room noted above. However, the public may also attend through a telephonic link, to the extent that lines are available. Additional instructions about how to participate in the conference call can be obtained by calling Ms. Diana Pozun (see contact information below).

Purpose of the Meeting: In this meeting, the Executive Committee plans to review reports from some of its Committees/Subcommittees, most likely including the following:

(a) *Executive Committee Subcommittee on the National-Scale Air Toxics Assessment (NATA) Review Panel*—National Scale Air Toxics Assessment: An SAB Report (see 66 FR 28904, dated May 25, 2001 for details).

(b) *Environmental Health Committee (EHC) & Integrated Human Exposure Committee (IHEC) Joint Review Panel*—Proposed Indoor Air Pollutant Ranking Methodology: An SAB Report (see 66 FR 34924, dated July 2, 2001 for details).

(c) *Ecological Processes and Effects Committee (EPEC)*—(1) USEPA's Science to Achieve Results (STAR) Program for Waters and Watersheds: An SAB Report (see 66 FR 15433, dated March 19, 2001) and (2) Planning for Ecological Risk Management: Developing Management Objectives: An SAB Report (66 FR 34924, dated July 18, 2001 for details).

Availability of Review Materials: Drafts of the reports that will be reviewed at the meeting will be available to the public on the SAB website (<http://www.epa.gov/sab>) approximately two weeks prior to the meeting.

Charge to the Executive Committee: The focus of the review of these four reports will be on the following questions: (a) Has the SAB adequately responded to the questions posed in the
