SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55335; File No. SR-NASDAQ-2007-005]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify the Date for Compliance With Regulation NMS

February 23, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 2, 2007, The NASDAQ Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by Nasdaq. The Exchange has filed the proposal as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to modify certain of its rules that become effective upon the compliance date for Regulation NMS under the Act. The Commission has established March 5, 2007, as the date of compliance for all automated trading centers such as Nasdaq.⁵ Accordingly, Nasdaq proposes to modify its approved rules to demonstrate compliance with Regulation NMS by March 5, 2007, to conform with the Commission's scheduled compliance date. The text of the proposed rule change is available at Nasdaq, the Commission's Public Reference Room, and <http://www.nasdaq.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to modify certain of its rules that become effective upon the compliance date for Regulation NMS under the Act. The Commission has established March 5, 2007, as the date of compliance for all automated trading centers such as Nasdaq.⁶ Accordingly, Nasdaq proposes to modify its approved rules to demonstrate compliance with Regulation NMS by March 5, 2007, to conform with the Commission's scheduled compliance date.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Section 6(b)(5) of the Act,⁸ in particular, in that the proposal

is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed rule change clarifies certain terms in Nasdaq's rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the forgoing rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹¹ However, Rule 19b-4(f)(6)(iii)¹² permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is

¹⁰ 17 CFR 240.19b-4(f)(6).

¹¹ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has decided to waive the five-day pre-filing notice requirement.

consistent with the protection of investors and the public interest because such waiver would permit the Exchange to immediately update its rules to reflect that the compliance date for Regulation NMS has been changed to March 5, 2007. For this reason, the Commission designates the proposed rule change to be operative upon filing with the Commission.¹³

At any time within 60 days of the filing of such proposed rule change the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2007-005 on the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2007-005. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be

available for inspection and copying in the Commission's Public Reference Room. Copies of the filing also will be available for inspection and copying at the principal office of Nasdaq. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2007-005 and should be submitted on or before March 22, 2007.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55337; File No. SR-NYSE-2006-04]

Self-Regulatory Organizations; New York Stock Exchange LLC; Order Approving Proposed Rule Change as Modified by Amendment Nos. 1 and 2 Thereto Relating to NYSE Rule 116 ("Stop" Constitutes Guarantee) and NYSE Rule 123B (Exchange Automated Order Routing Systems)

February 23, 2007.

I. Introduction

On February 9, 2006, the New York Stock Exchange LLC (f/k/a New York Stock Exchange, Inc.) ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposal to amend NYSE Rule 116 ("Stop" Constitutes Guarantee) and NYSE Rule 123B (Exchange Automated Order Routing Systems) regarding a specialist's ability to "stop" stock and report such a transaction. On April 5, 2006, NYSE filed Amendment No. 1 to the proposed rule change. On September 8, 2006, NYSE filed Amendment No. 2 to the proposed rule change. The proposed rule change was published for comment in the **Federal Register** on October 18, 2006.³ The Commission received one comment

regarding the proposal.⁴ This order approves the proposed rule change, as modified by Amendment Nos. 1 and 2.

II. Description of the Proposal

NYSE Rule 116 provides that an agreement by a member to "stop" stock at a specified price constitutes a guarantee of a purchase or sale by the member of the security at that price. Paragraph .30 in the Rule's Supplementary Material provides three circumstances in which a specialist may stop stock, including: (i) At the opening or reopening of trading in a stock; (ii) when a broker in the trading crowd is representing another order at the stop price; or (iii) when requested to by another member.⁵ The practice of stopping stock by specialists on the Exchange refers to a guarantee by a specialist that an order he or she receives will be executed at no worse a price than the contra side price in the market at the time the order was stopped, with the understanding that the order may in fact receive a better price.

The Exchange proposes to remove the provisions in NYSE Rule 116.30 that permit a specialist to "stop" stock. According to the Exchange, the practice of specialists stopping stock makes less sense in the Hybrid Market, primarily due to the dynamics of increased speed of trading and automated functioning of the market. The Exchange further stated that the procedures in NYSE Rule 116.30(3) for granting stops are not an efficient mechanism for seeking price improvement an automated market due to the time required to perform the current manual procedures.

III. Comment Summary

The Commission received one comment letter on the proposal,⁶ to which NYSE has filed a response letter.⁷ In the comment letter, the commenter argued the proposal is not in the public interest because the Hybrid Market, and specifically NYSE's Auction Market and Auction Limit Orders, do not provide investors with the price improvement opportunities that the NYSE's auction market did. The commenter stated that he believed that specialists in the Hybrid Market have been relieved of
