In addition to issuing the above permits, the Service took action on four other applications that had been noticed in the **Federal Register** for public comment. The Service returned an application submitted by Weyerhaeuser Company for the Willamette Valley Plan because both the Service and Weyerhaeuser Company agreed to discontinue negotiations. The Service returned an application submitted by Boise Cascade Corporation for the Walker Creek Plan when the northern spotted owl that was the subject of the application died. The Service denied two permit applications submitted during this time frame: an application submitted by Mr. and Mrs. Seiber for the Wiley Creek Plan and an application submitted by Coast Range Conifers for the Beaver Tract Plan. In both cases, the applicant failed to meet all of the statutory permit issuance criteria under section 10(a)(2)(B)(ii) of the Act.

Oregon Seed Orchard; Environmental Impact Statements, Notice of Intent

AGENCY: Bureau of Land Management, U.S. Department of the Interior.

ACTION: Revised Notice; intent to prepare for three environmental impact statements.

SUMMARY: On March 26, 1999, the Department of Interior, Bureau of Land Management, (BLM) published a Notice of Intent to prepare a consolidated draft and final environmental impact

statement (EIS) for proposed pest management programs at each of our four Oregon Seed Orchards (See **Federal Register**/Vol. 64, No. 58/Friday, March 26, 1999/ Notices, page 14747-14748). To improve efficiency and provide for more site specific management prescriptions, including pest management and fertilization programs, the Salem, Eugene and Medford BLM Districts will prepare separate draft and final EISs. The Seed Orchards are: the Horning Seed Orchard (Salem District) near Colton, in Clackamas County Oregon; the Tyrrell Seed Orchard (Eugene District) near Lorane, in Lane County, Oregon; the Sprague Seed Orchard (Medford District) near Merlin, in Josephine County, Oregon and the Provolt Seed Orchard (Medford District) near Grants Pass, in Jackson and Josephine Counties, Oregon.

The BLM Salem, Eugene and Medford Districts invite written comments on the scope of the analysis. In addition, the Salem, Eugene and Medford Districts will give notice of the environmental analysis and decision making process that will occur on the proposed action to ensure that the interested and affected public has information concerning how they may participate and contribute to the final decision. These notices will be published in local newspapers and mailed to known persons or groups of interest in the local areas.

Each of the four seed orchards is also subject to land use allocations and management direction as defined in the 1995 Resource Management Plan (RMP) for the applicable District. Since the seed orchard management plans may include one or more alternatives which would amend portions of the applicable RMP, the planning process will also be completed in conformance with 43 CFR 1610.2 and 1610.5-5. Any proposed RMP amendments would be expected to clarify long-term management direction for the seed orchard lands, support new or renewed protective lands withdrawals and describe any
