BILLING CODE 1410–30–S

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (07–058)]

Notice of Information Collection Under OMB Review

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection under OMB review.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. 3506(c)(2)(A)).

DATES: All comments should be submitted within 30 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Desk Officer for NASA; Office of Information and Regulatory Affairs; Room 10236; New Executive Office Building; Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Mr. Walter Kit, NASA PRA Officer, NASA Headquarters, 300 E Street, SW., JE0000, Washington, DC 20546, (202) 358–1350, Walter.Kit-1@nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection is an application form to be considered for a summer internship. Students are required to submit an application package consisting of an application form, a personal essay describing career goals, a parent/guardian permission form for parents to sign approving the child's participation, and a teacher recommendation.

II. Method of Collection

NASA will utilize a Web-based application form with instructions and other application materials also on-line. However, once the application form and other application materials are downloaded and filled out, the package is mailed in to NASA.

III. Data

Title: INSPIRE (Interdisciplinary National Science Program Incorporating Research and Education Experience) Application.

OMB Number: 2700–XXXX.

Type of Review: New Collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 2000.

Estimated Time per Response: 2 hours.

Estimated Total Annual Burden Hours: 4000.

Estimated Total Annual Cost: \$0.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Gary Cox,

Acting Deputy Chief Information Officer.

[Notice: (07–060)]

Notice of Information Collection Under OMB Review.

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection under OMB review.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. 3506(c)(2)(A)).

DATES: All comments should be submitted within 30 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Desk Officer for NASA; Office of Information and Regulatory Affairs; Room 10236; New Executive Office Building; Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Mr. Walter Kit, NASA PRA Officer, NASA Headquarters, 300 E Street, SW., JE0000, Washington, DC 20546, (202) 358–1350, Walter.Kit-1@nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Aeronautics and Space Administration (NASA) is requesting approval for a new collection for the Exploration Systems Mission Directorate Student Internship program. NASA must select candidates by a competitive process for student internships, requiring personal information on the application. The students must meet the basic eligibility requirements of: Full student enrollment at an accredited college or university in the U.S., be a U.S. citizen, and have a Grade Point Average (GPA) of 3.0 on a scale of 4.0.

II. Method of Collection

NASA will utilize a Web-based on-line application form for the information collection.

III. Data

Title: Exploration Systems Mission Directorate Student Internship Program Application.

OMB Number: 2700-XXXX.

Type of review: New Collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 292.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 292.

Estimated Total Annual Cost: \$0.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Gary Cox,

Acting Deputy Chief Information Officer.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (07-057)]

National Environmental Policy Act; Constellation Program

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of availability of the Draft Constellation Programmatic Environmental Impact Statement (PEIS).

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR Parts 1500-1508), NASA's NEPA policy and procedures (14 CFR Part 1216, Subpart 1216.3), and Executive Order 12114, NASA has prepared and issued a Draft PEIS for the proposed Constellation Program to assist in the NASA decision making process.

The Proposed Action is to continue preparations for and to implement the

Constellation Program. The focus of the Constellation Program is the development of the flight systems and Earth-based ground infrastructure required to enable the United States to have continued access to space and to enable future human missions to the International Space Station, the Moon, Mars, and beyond. The Constellation Program also would be responsible for developing and testing flight hardware, and performing mission operations once the infrastructure is sufficiently developed. The only alternative to the Proposed Action discussed in detail is the No Action Alternative where NASA would not continue preparations for nor implement the Constellation Program and therefore, would forego the opportunity for human exploration of space using U.S. space vehicles.

DATES: Interested parties are invited to submit comments on environmental issues and concerns, preferably in writing, on or before September 30, 2007, or 45 days from the date of publication in the **Federal Register** of the U.S. Environmental Protection Agency's notice of availability of the Draft Constellation PEIS, whichever is later.

ADDRESSES: Comments submitted by mail should be addressed to ZA/ Environmental Manager, Constellation Program, NASA Lyndon B. Johnson Space Center, 2101 NASA Parkway, Houston, Texas 77058. Comments may be submitted via electronic mail to nasa-cxeis@mail.nasa.gov. Comments also may be submitted via telephone at (toll free) 1-866-662-7243.

The Draft PEIS may be reviewed at the following locations:

(a) NASA Headquarters, Library, Room 1J20, 300 E Street, SW., Washington, DC 20546-0001 (202-358-0168).

(b) NASA, Ames Research Center, Moffett Field, CA 94035 (650-604-3273).

(c) NASA, Dryden Flight Research Center, Edwards, CA 93523 (661-276-2704).

(d) NASA, George C. Marshall Space Flight Center, Huntsville, AL 35812 (256-544-1837).

(e) NASA, Goddard Space Flight Center, Greenbelt, MD 20771 (301-286-4721).

(f) NASA, John C. Stennis Space Center, MS 39529 (228-688-2118).

(g) NASA, John F. Kennedy Space Center, FL 32899 (321-867-2745).

(h) NASA, John H. Glenn Research Center at Lewis Field, Cleveland, OH 44135 (866-404-3642).

(i) NASA, Lyndon B. Johnson Space Center, Houston, TX 77058 (281-483-8612).

(j) NASA, Langley Research Center, Hampton, VA 23681 (757-864-2497).

(k) Jet Propulsion Laboratory, Pasadena, CA 91109 (818-393-6779).

The Draft Constellation PEIS, along with the Notice of Intent (NOI) to prepare the Draft Constellation PEIS that was issued on September 26, 2006, are available on the Internet in Adobe® portable document format at http://www.nasa.gov/mission_pages/constellation/main/peis.html.

FOR FURTHER INFORMATION CONTACT: ZA/ Environmental Manager, Constellation Program, NASA Lyndon B. Johnson Space Center, 2101 NASA Parkway, Houston, Texas 77058, telephone (toll free) 1-866-662-7243, or electronic mail at nasa-cxeis@mail.nasa.gov. Additional Constellation Program information may also be found on the Internet at http://www.nasa.gov/mission_pages/constellation/main/index.html. Information specific to the Constellation Program NEPA process may be found at http://www.nasa.gov/mission_pages/exploration/main/eis.html.

SUPPLEMENTARY INFORMATION: The Draft Constellation PEIS addresses the environmental impacts associated with continuing preparations for and implementing the Constellation Program. The Constellation Program would build a new crew vehicle called the Orion and two new launch vehicles, Ares I to transport crew and Ares V to transport cargo (for lunar or Mars missions). The environmental impacts of principal concern are those that would result from fabrication, testing, and launching of the Orion spacecraft and the Ares I and Ares V launch vehicles.

The Constellation Program would be an extremely large and complex program spanning decades and requiring the efforts of a broad spectrum of talent located throughout NASA and many commercial entities. Under NASA's Proposed Action, Constellation Program activities would be expected to occur at the following NASA sites:

—John F. Kennedy Space Center, Brevard County, Florida

—John C. Stennis Space Center, Hancock County, Mississippi

—Michoud Assembly Facility, New Orleans, Louisiana

—Lyndon B. Johnson Space Center, Houston, Texas

—George C. Marshall Space Flight Center, Huntsville, Alabama

—John H. Glenn Research Center, Cleveland, Ohio

—Ames Research Center, Moffett Field, California
