- *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, 2nd Floor, East Tower, Suite 02G09, Alexandria, VA 22350-3100.

Instructions: All submissions received must include the agency name, docket number, and title for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to: Defense Security Service, Industrial Operations, ATTN: Sarah Laylo, 27130 Telegraph Road, Quantico, VA 22134-2253 or call (571) 305-6625.

Title, Associated Form, and OMB Number: Technology and Contract Information Survey; OMB Control Number: 0704-TBD.

Needs and Uses: Executive Order 12829, "National Industrial Security Program (NISP)", (January 6, 1993, as amended), established the NISP, the purpose of which is to "safeguard classified information that may be released or has been released to current, prospective, or former contractors, licensees, or grantees of United States agencies." Pursuant to paragraph 202(a) of the Executive Order, the Secretary of Defense serves as the "executive agent for inspecting and monitoring the contractors, licensees, and grantees who require or will require access to, or who store, or will store, classified information; and for determining the eligibility for access to classified information of contractors, licensees, and grantees and their respective employees."

The DSS Director has been assigned specific responsibility for administering the NISP on behalf of DoD components and those Executive Branch departments and agencies that have entered into agreements with the Secretary of Defense for industrial security services required for safeguarding classified information disclosed to industry by these DoD components and Executive Branch

departments or agencies (collectively referred to hereafter as Government Contracting Activities (GCAs)). (See DoD Directive 5105.42, "Defense Security Service," and DoD Instruction 5220.22, "National Industrial Security Program.")

DSS carries out its NISP administration mission in part by assessing the security posture of cleared contractor facilities in order to determine if the cleared facilities are complying with the provisions of the National Industrial Security Program Operating Manual (NISPOM) and by verifying that cleared contractors mitigate and ensuring identified security vulnerabilities.

This public information collection is focused on strengthening DSS analysis of threats to classified information and cleared personnel at cleared contractor facilities by ensuring the accuracy of contract, technology, program, and facility data in the DSS Industrial Security Facilities Database (ISFD). DSS will be able to more effectively and efficiently perform its NISP administration mission if DSS can analyze accurate information in ISFD. In turn, this will allow DSS to better tailor vulnerability assessments and other products and support for cleared facilities.

Responding to this public information collection is voluntary. This collection of information does not seek classified information or trade secrets.

Respondents will be requested to state whether any information provided in response to this information collection is privileged or confidential commercial or financial information.

Affected Public: Business or other for-profit and non-profit organizations participating in the NISP and who are under the security cognizance of DSS.

Annual Burden Hours: 4,514

Number of Respondents: 13,541

Responses per Respondent: 1

Average Burden Hours per Response: 20 minutes

Frequency: Occasionally.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection:

This collection of information requests the Facility Security Officer or Senior Management Official at each of the 13,541 cleared facilities operating under the NISP to provide information about the facility; the number of cleared personnel at the facility; the facility's contracts requiring access to classified information; and technology supporting those contracts. DSS will maintain the information provided in response to this collection of information in the DSS ISFD for internal use in connection with performing missions assigned to DSS.

One information collection effort will be conducted initially. After the initial survey, DSS will query facilities individually on a yearly or biennial basis, prior to annual vulnerability assessments, so that accurate information is continually maintained in ISFD. Responses to the collection are strictly voluntary. The objective of this initiative is to establish accurate and current information in ISFD. This is a new survey that has not been implemented in the past. All of the collection questions are uniform and this collection of information is unique to the type of product or service that is being requested. Information technology has been identified as appropriate for the purposes of this collection. DSS will send an email invitation to complete the web-based survey instrument directly to a designated point of contact for each cleared facility operating under the NISP. The email invitation will include a secure link to access and complete the online information collection. DSS will be the user of the data collected from the Technology and Contract Information Survey.

Office of the Secretary

Meeting of the National Commission on the Structure of the Air Force

AGENCY: Director of Administration and Management, DoD.

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: Under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150, the Department of Defense (DoD) announces that the following Federal advisory committee meeting of the National Commission on the Structure of the Air Force ("the Commission") will take place.

DATES: *Date of Open Meeting, including Hearing and Commission Discussion:* Tuesday, July 30, 2013, from 1:00 p.m. to 5:00 p.m. Registration will begin at 12:30 p.m.

ADDRESSES: The Ohio Statehouse is located at: 1 Capitol Square, North Hearing Room, (Located on the 2nd Floor of the Senate Building), Columbus, Ohio 43215. Enter through the underground parking garage, from State Street, South Third Street, or East Broad Street.

FOR FURTHER INFORMATION CONTACT: Mrs. Marcia Moore, Designated Federal Officer, National Commission on the Structure of the Air Force, 1950 Defense Pentagon, Room 3A874, Washington, DC 20301-1950. Email: dfoafstrucomm@osd.mil. Desk (703) 545-9113. Facsimile (703) 692-5625.

SUPPLEMENTARY INFORMATION:

Purpose of Meeting: The members of the Commission will hear testimony from individual witnesses and then will discuss the information presented at the hearings.

Agenda

On July 29, 2013 and July 31, 2013, a subset of members from the Commission will tour Wright-Patterson Air Force Base and Ohio Air National Guard Wings at Rickenbacker Air National Guard Base, Springfield Air National Guard Base, and Mansfield Lahm Air National Guard Base.

The hearing and meeting on July 30, 2013 includes representatives from the Ohio Governor's office and local U.S. Air Force and Ohio National Guard leadership who have been asked to testify and address the evaluation factors under consideration by the Commission for a U.S. Air Force structure that—(a) meets current and anticipated requirements of the combatant commands; (b) achieves an appropriate balance between the regular and reserve components of the Air Force, taking advantage of the unique strengths and capabilities of each; (c) ensures that the regular and reserve components of the Air Force have the capacity needed to support current and anticipated homeland defense and disaster assistance missions in the United States; (d) provides for sufficient numbers of regular members of the Air Force to provide a base of trained personnel from which the personnel of the reserve components of the Air Force could be recruited; (e) maintains a peacetime rotation force to support operational tempo goals of 1:2 for regular members of the Air Forces and 1:5 for members of the reserve components of the Air Force; and (f) maximizes and appropriately balances affordability, efficiency, effectiveness, capability, and readiness. Individual Commissioners will also report their activities, information collection, and analyses to the full Commission.

Meeting Notification: Due to difficulties finalizing the meeting agenda for the National Commission on the Structure of the Air Force's meeting of July 30, 2013, the requirements of 41 CFR 102-3.150(a) were not met. Accordingly, the Advisory Committee Management Officer for the Department
