NIDRR uses information submitted by grantees as part of their Annual Performance Reports (APRs) for these reviews. NIDRR also determines, using information submitted as part of the APR, the number of publications in refereed journals that are based on NIDRR-funded research and development activities.

Department of Education program performance reports, which include information on NIDRR programs, are available on the Department of Education Web site: <http://www.ed.gov/offices/OUS/PES/planning.html>. Updates on the GPR indicators, revisions and methods appear in the NIDRR Program Review Web site: <http://www.cessi.net/pr/RERC/Summative/Supplemental.html>. Grantees should consult these sites, on a regular basis, to get details and explanations on how NIDRR programs contribute to the advancement of the Department's long-term and annual performance goals.

Full Text of Announcement

I. Funding Opportunity Description

(1) *Purpose of Program:* The purpose of the Disability Rehabilitation Research Projects (DRRP) program is to plan and conduct research, demonstration projects, training, and related activities that help to maximize the full inclusion

and integration of individuals with disabilities into society and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, (Act) as amended.

For FY 2004, the competition for new awards focuses on projects designed to meet the priority we describe in the Priority section of this application notice. We intend this priority to improve rehabilitation services and outcomes for individuals with disabilities.

Priority: This priority is from the notice of final priorities for this program, published in the **Federal Register** on July 25, 2003 (68 FR 44055) under CFDA Number 84.133A-4.

Absolute Priority: For FY 2004 this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

The Assistant Secretary will fund one DRRP that will focus on a research, development, and dissemination project on Research Infrastructure Capacity Building. The reference for this topic can be found in NIDRR's Long-Range Plan (Plan), chapter 9, Capacity Building: Priorities in Capacity Building. In carrying out this priority the DRRP must:

(1) Develop and evaluate an innovative method(s) for establishing long-term collaborative research partnerships, with an emphasis on relationships among minority entities, Indian tribes, and nonminority entities;

(2) Research, develop, and evaluate strategies to assess the efficacy of existing research theories, methodologies, and measures for studying and describing underrepresented individuals with disabilities from minority racial and ethnic populations and their needs;

(3) Research, identify and modify or develop, and evaluate scientifically valid measurement strategies and methodologies for research involving the study of underrepresented minority racial and ethnic populations; determine their efficacy; and examine the implications of introducing newly developed approaches designed specifically for the study of this population;

(4) Develop and evaluate research principles or standards for culturally appropriate and linguistically competent disability and rehabilitation research, and disseminate guidelines; and

(5) Develop, implement, and evaluate approaches for disseminating research findings, information about best practices for research involving underrepresented minority racial and

ethnic populations, and information about research collaboration.

In carrying out the purposes of the priority, the DRRP must:

- In the first three months of the grant, develop and implement a research partnership plan ensuring that all activities are predominantly focused on research infrastructure capacity building and provide for mutual benefit for each member of the partnership, including persons with disabilities or their representatives;

- In the first year of the grant, implement a plan to disseminate research results;

- In the third year of the grant, conduct a state-of-the-science conference focused on the funded area of research and related topics;

- In the fourth year of the grant, publish and disseminate a comprehensive report on the outcomes and proceedings of the conference;

- Demonstrate how the research project can transfer research findings to practical applications in planning, policy-making, program administration, and delivery of services to individuals with disabilities; and

- Conduct ongoing program evaluation and produce a closing report describing research outcomes, as they relate to the research goals and objectives, and future directions for research infrastructure development and capacity building.

The Plan can be accessed on the Internet at: <http://www.ed.gov/rschstat/research/pubs/index.html>.

Program Authority: 29 U.S.C. 762(g) and 764(a).

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 80, 81, 82, 84, 85, 86 and 97, and (b) The regulations for this program in 34 CFR part 350.

Pilot Project for Electronic Submission of Applications: We are continuing to expand our pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The Disability Rehabilitation Research Projects Program—Research Infrastructure Capacity Building Project—CFDA Number 84.133A–5 is one of the programs included in the pilot project. If you are an applicant under the Disability Rehabilitation Research Projects Program—Research Infrastructure Capacity Building Project, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application). If you use e-Application, you will be entering data online while completing your application. You may not e-mail an electronic copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter online will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.

- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.

- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.

- You may submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- Your e-Application must comply with any page limit requirements described in this notice.

- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:

1. Print ED 424 from e-Application.

2. The institution's Authorizing Representative must sign this form.

3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.

4. Fax the signed ED 424 to the Application Control Center at (202) 260–1349.

- We may request that you give us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If you elect to participate in the e-Application pilot for the Disability Rehabilitation Research Projects Program—Research Infrastructure Capacity Building Project and you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

1. You are a registered user of e-Application, and you have initiated an e-Application for this competition; and

2. (a) The e-Application system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) The e-Application system is unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 p.m. and 4:30 p.m., Washington, DC time) on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** (see VII. Agency Contact) or (2) the e-GRANTS help desk at 1–888–336–8930.

You may access the electronic grant application for the DRRP at: <http://e-grants.ed.gov>.

V. Application Review Information

Selection Criteria: The selection criteria for this competition are in the application package.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118. NIDRR will provide information in a letter format on how and when to submit the report.

4. *Performance Measures:* To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through review of grantee performance and products. Each year, NIDRR examines, through expert

peer review, a portion of its grantees to determine:

- The degree to which the grantees are conducting high-quality research, as reflected in the appropriateness of study designs, the rigor with which accepted standards of scientific and engineering methods are applied, and the degree to which it builds on and contributes to the level of knowledge in the field;

- The number of new or improved tools, instruments, protocols, and technologies developed and published by grantees that are deemed to improve the measurement of disability and rehabilitation-related concepts and contribute to changes/improvements in policy, practice, and outcomes for individuals with disabilities and their families;

- The percentage of grantees deemed to be implementing a systematic outcomes-oriented dissemination plan, with measurable performance goals and targets, that clearly identifies the types of products and services to be produced and the target audiences to be reached, and describes how dissemination products and strategies will be used to meet the needs of end-users, including individuals with disabilities and those from diverse backgrounds, and promote the awareness and use of information and findings from NIDRR-funded projects;

- The percentage of consumer-oriented dissemination products and services (based on a subset of products and services nominated by grantees to be their "best" outputs) that are deemed to be of high-quality and contributing to advances in knowledge and to changes/improvements in policy, practices, services, and supports by individuals with disabilities and other end-users, including practitioners, service providers, and policy makers; and

- The percentage of new studies funded each year that assess the effectiveness of interventions or demonstration programs using rigorous and appropriate methods.

NIDRR uses information submitted by grantees as part of their Annual Performance Reports (APRs) for these reviews. NIDRR also determines, using information submitted as part of the APR, the number of publications in refereed journals that are based on NIDRR-funded research and development activities.

Department of Education program performance reports, which include information on NIDRR programs, are available on the Department of Education Web site: <http://www.ed.gov/offices/OUS/PES/planning.html>. Updates on the GPRA indicators, revisions and methods appear in the

NIDRR Program Review Web site: <http://www.cessi.net/pr/RERC/Summative/Supplemental.html>. Grantees should consult these sites, on a regular basis, to get details and explanations on how NIDRR programs contribute to the advancement of the Department's long-term and annual performance goals.
