of the United States Court of Appeals for the Federal Circuit (CAFC) in *Timken*,⁴ as clarified by *Diamond Sawblades*,⁵ the Department is notifying the public that the final CIT judgment in this case is not in harmony with the Department's *Final Determination* and is therefore amending its *Final Determination*.

DATES: Effective March 3, 2014.⁶

FOR FURTHER INFORMATION CONTACT:

Robert Copyak, Office III, AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, C129, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202–482–2209.

SUPPLEMENTARY INFORMATION: On April 4, 2011, the Department published the Final Determination. In the Final Determination, the Department determined that the Zhongya Companies received a countervailable subsidy with regard to the Government of China's provision of land-use rights located in the Zhaoqing High-Tech Industry Development Zone (ZHTIDZ) for less than adequate remuneration (LTAR) in 2006. Because the Department determined that it could not use Chinese or world market prices as a benchmark, it compared the price that the Zhongya Companies paid for its land-use rights with comparable marketbased prices for land purchases; specifically, we used the "indicative land values" for land in Thai industrial estates, parks, and zones, which are published in the "Asian Industrial Property Market Flash" by Coldwell Banker Richard Ellis (CBRE), for benchmark purposes.7

In Zhaoqing, the CIT held that it "cannot conclude that a reasonable reading of the record as a whole supports Commerce's rebuttal of Plaintiffs' claim that the land they leased was undeveloped in 2006 and therefore not comparable to a fully developed industrial park'' 8 and remanded the Department's selection of

Court No. 11–00181 (CIT 2014) (Order) (Zhaoqing m)

Thai industrial land values as benchmarks for comparison with the land-use rights acquired by the Zhongya Companies for reconsideration or further explanation.⁹

In its final results of redetermination pursuant to *Zhaoqing*, the Department reconsidered, and revised, the land benchmark used to determine the benefit received by the Zhongva Companies in 2006. Specifically, we recalculated the countervailable subsidy provided to the Zhongya Companies using, instead of Thai industrial land prices, a benchmark based on the "noninfrastructure" land price listed for Subic Bay Freeport in the Philippines. As a result of this revision, the total net subsidy rate calculated for the Zhongya Companies changed from 8.02 percent ad valorem to 4.89 percent ad valorem.10

On February 19, 2014, the CIT affirmed the Department's final results of redetermination pursuant to remand.¹¹

Timken Notice

In its decision in Timken 12 as clarified by Diamond Sawblades, the CAFC has held that, pursuant to section 516A(c) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision that is not "in harmony" with a Department determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's February 19, 2014, judgment in Zhaoqing II affirming the Department's redetermination on remand to rely on a benchmark from the Philippines, and which results in a revised rate for the Zhongya Companies (4.89 percent ad valorem), constitutes a final decision of that court that is not in harmony with the Department's Final Determination. This notice is published in fulfillment of the publication requirements of Timken. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending expiration of the period of appeal or, if appealed, pending a final and conclusive court decision.

Amended Final Determination

Because there is now a final CIT decision with respect to the *Final Determination*, the Department amends

its *Final Determination* for the Zhongya Companies.¹³ The Department finds the following revised net subsidy rate exists:

Company	Ad Valorem net subsidy rate
Zhaoqing New Zhongya Aluminum Co., Ltd., Zhongya Shaped Aluminum HK Holding Ltd., and Karlton Aluminum Company Ltd. (collectively, the Zhongya Companies).	4.89 percent ad valorem

The cash deposit rate for the Zhongya Companies will be the rate listed above, effective March 3, 2014, and the Department will instruct U.S. Customs and Border Protection accordingly. This notice is issued and published in accordance with sections 516A(c)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: February 28, 2014.

Paul Piquado,

Assistant Secretary, for Enforcement and Compliance.

required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Protected Species Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted during 2014 and will be announced in a future notice.

DATES: The Atlantic Shark Identification Workshops will be held on April 10, May 15, and June 4, 2014.

The Protected Species Safe Handling, Release, and Identification Workshops will be held on April 10, April 29, May 7, May 14, June 3, and June 27, 2014.

See **SUPPLEMENTARY INFORMATION** for further details.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Wilmington, NC; Bohemia, NY; and Manahawkin, NJ.

The Protected Species Safe Handling, Release, and Identification Workshops will be held in Manahawkin, NJ; Kitty Hawk, NC; Kenner, LA; Warwick, RI; Palm Coast, FL; and Ronkonkoma, NY.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Approximately 95 free Atlantic Shark Identification Workshops have been conducted since January 2007.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a

dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit which first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, trucks or other conveyances that are extensions of a dealer's place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate.

Workshop Dates, Times, and Locations

- 1. April 10, 2014, 12 p.m.–4 p.m., Hampton Inn, 124 Old Eastwood Road, Wilmington, NC 28403.
- May 15, 2014, 12 p.m.-4 p.m., LaQuinta Inn & Suites, 10 Aero Road, Bohemia, NY 11716.
- 3. June 4, 2014, 12 p.m.–4 p.m., Holiday Inn, 151 Route 72 East, Manahawkin, NJ 08050.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander at *esander@* peoplepc.com or at (386) 852–8588.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items to the workshop:

- Atlantic shark dealer permit holders must bring proof that the attendee is an owner or agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.
- Atlantic shark dealer proxies must bring documentation from the permitted dealer acknowledging that the proxy is attending the workshop on behalf of the permitted Atlantic shark dealer for a specific business location, a copy of the appropriate valid permit, and proof of identification.

Workshop Objectives

The Atlantic Shark Identification Workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Protected Species Safe Handling, Release, and Identification Workshops

Since January 1, 2007, shark limitedaccess and swordfish limited-access permit holders who fish with longline or gillnet gear have been required to submit a copy of their Protected Species Safe Handling, Release, and Identification Workshop certificate in order to renew either permit (71 FR 58057; October 2, 2006). These certificate(s) are valid for 3 years. As such, vessel owners who have not already attended a workshop and received a NMFS certificate, or vessel owners whose certificate(s) will expire prior to the next permit renewal, must attend a workshop to fish with, or renew, their swordfish and shark limited-access permits. Additionally, new shark and swordfish limited-access permit applicants who intend to fish with longline or gillnet gear must attend a Protected Species Safe Handling, Release, and Identification Workshop and submit a copy of their workshop certificate before either of the permits will be issued. Approximately 172 free Protected Species Safe Handling, Release, and Identification Workshops have been conducted since 2006.

In addition to certifying vessel owners, at least one operator on board vessels issued a limited-access swordfish or shark permit that uses longline or gillnet gear is required to attend a Protected Species Safe Handling, Release, and Identification Workshop and receive a certificate. Vessels that have been issued a limitedaccess swordfish or shark permit and that use longline or gillnet gear may not fish unless both the vessel owner and operator have valid workshop certificates onboard at all times. Vessel operators who have not already attended a workshop and received a NMFS certificate, or vessel operators whose certificate(s) will expire prior to their next fishing trip, must attend a workshop to operate a vessel with swordfish and shark limited-access permits that uses longline or gillnet gear.

Workshop Dates, Times, and Locations

- 1. April 10, 2014, 9 a.m.–5 p.m., Holiday Inn, 151 Route 72 East, Manahawkin, NJ 08050.
- 2. April 29, 2014, 9 a.m.–5 p.m., Hilton Garden Inn, 5353 North Virginia Dare Trail, Kitty Hawk, NC 27949.
- 3. May 7, 2014, 9 a.m.–5 p.m., Hilton Inn, 901 Airline Drive, Kenner, LA 70062.
- 4. May 14, 2014, 9 a.m.–5 p.m., Hilton Garden Inn, 1 Thurber Street, Warwick, RI 02886
- 5. June 3, 2014, 9 a.m.–5 p.m., Hilton Garden Inn, 55 Town Center Boulevard, Palm Coast, FL 32164.
- 6. June 27, 2014, 9 a.m.–5 p.m., Clarion Inn, 3845 Veterans Memorial Highway, Ronkonkoma, NY 11779.

Registration

To register for a scheduled Protected Species Safe Handling, Release, and Identification Workshop, please contact Angler Conservation Education at (386) 682–0158.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items with them to the workshop:

- Individual vessel owners must bring a copy of the appropriate swordfish and/or shark permit(s), a copy of the vessel registration or documentation, and proof of identification.
- Representatives of a businessowned or co-owned vessel must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable swordfish and/or shark permit(s), and proof of identification.
- Vessel operators must bring proof of identification.

Workshop Objectives

The Protected Species Safe Handling, Release, and Identification Workshops are designed to teach longline and gillnet fishermen the required techniques for the safe handling and release of entangled and/or hooked protected species, such as sea turtles, marine mammals, and smalltooth sawfish. In an effort to improve reporting, the proper identification of protected species will also be taught at these workshops. Additionally, individuals attending these workshops will gain a better understanding of the requirements for participating in these fisheries. The overall goal of these workshops is to provide participants with the skills needed to reduce the mortality of protected species, which

may prevent additional regulations on these fisheries in the future.

FOR FURTHER INFORMATION CONTACT: Kristy Beard, (301) 427–8401.

SUPPLEMENTARY INFORMATION: On October 19, 2009, notice was published in the **Federal Register** (74 FR 53467) that a request for a permit to conduct research on all cetacean species that occur in U.S. and international waters of the Atlantic Ocean, Gulf of Mexico and Caribbean Sea had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as

amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

The permit authorizes takes by harassment during aerial and vessel-based line-transect sampling, acoustic sampling, behavioral observations, and vessel-based photo-identification and biopsy sampling. Tissue samples collected in other countries may be imported into the U.S. The permit is valid for five years from the date of issuance.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

As required by the ESA, issuance of this permit was based on a finding that such permit:

(1) was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.
