

benefit from RegTech? Please be specific as possible or provide examples where appropriate.

Regarding administration of a prize competition:

7. What ground rules should govern participation in a CFTC-sponsored FinTech prize competition?

- For example, are there particular eligibility requirements that the agency should adopt?

- Should competition entries be designated “open source,” or should each participant retain full control of its entry and any decision about its availability?

- Should any different rules apply to winning entries?

8. How should prize competition judges be selected?

- Should the Commission select a single judge or panel to evaluate prize competition submissions?

- If a panel, how large?

- And what is the appropriate mix of stakeholders?

- What additional requirements, if any, should apply to judges?

9. What general evaluation standards or criteria may be appropriate in the context of a CFTC-sponsored FinTech prize competition? Regarding the evaluation process, are there models or protocols that the Commission might adapt with regard to prize competitions it sponsors?

10. What type of prize is likely to encourage the greatest participation from a broad range of innovators? What factors should the Commission consider? If the prize is other than a cash purse, what type of prize may be suitable?

11. Generally, are there any rules, policies, or practices that the Commission should adopt to facilitate a prize competition or encourage participation? For example, what modes of advertising and publicity may be most effective? And, likewise, are there any rules, policies, or practices that could impede participation in a prize competition?

In providing your responses, please be as specific as possible, and offer examples where appropriate. The Commission encourages all relevant comments; commenters need not address every item.

III. Conclusion

The Commission appreciates your time and effort responding to this Request for Input on potential CFTC-sponsored FinTech prize competitions. The information provided by stakeholders will help us refine our understanding and future approach, and identify how the Commission can best

structure prize competitions to maximize their positive impact.

More broadly, the input from this request will further aid the Commission in identifying FinTech trends and areas where emerging technologies and innovation may offer significant potential benefit.

In that respect, we look forward to continuing to engage proactively with the innovator community and market participants to promote market-enhancing FinTech, to identify opportunities to update our regulatory framework, and to implement new technology-based approaches to fulfill the CFTC’s mission on behalf of the American people.

Issued in Washington, DC, on April 20, 2018, by the Commission.

Christopher Kirkpatrick,
Secretary of the Commission.

Appendix To Request for Input on LabCFTC Prize Competitions— Commission Voting Summary

On this matter, Chairman Giancarlo and Commissioners Quintenz and Behnam voted in the affirmative. No Commissioner voted in the negative.

BILLING CODE 6351–01–P

DENALI COMMISSION

Denali Commission Fiscal Year 2019 Draft Work Plan

AGENCY: Denali Commission.

ACTION: Notice.

SUMMARY: The Denali Commission (Commission) is an independent Federal agency based on an innovative federal-state partnership designed to provide critical utilities, infrastructure and support for economic development and training in Alaska by delivering federal services in the most cost-effective manner possible. The Commission was created in 1998 with passage of the October 21, 1998 Denali Commission Act (Act). The Act requires that the Commission develop proposed work plans for future spending and that the annual work plan be published in the **Federal Register**, providing an opportunity for a 30-day period of public review and written comment. This **Federal Register** notice serves to announce the 30-day opportunity for public comment on the Denali Commission Draft Work Plan for Federal Fiscal Year 2019 (FY 2019).

DATES: Comments and related material to be received by May 31, 2018.

ADDRESSES: Submit comments to the Denali Commission, Attention: Corrine

Eilo, 510 L Street, Suite 410, Anchorage, AK 99501.

FOR FURTHER INFORMATION CONTACT:

Corrine Eilo, Denali Commission, 510 L Street, Suite 410, Anchorage, AK 99501. Telephone: (907) 271–1414. Email: ceilo@denali.gov.

Background

The Denali Commission’s mission is to partner with tribal, federal, state, and local governments and collaborate with all Alaskans to improve the effectiveness and efficiency of government services, to build and ensure the operation and maintenance of Alaska’s basic infrastructure, and to develop a well-trained labor force employed in a diversified and sustainable economy.

By creating the Commission, Congress mandated that all parties involved partner together to find new and innovative solutions to the unique infrastructure and economic development challenges in America’s most remote communities. Pursuant to the Act, the Commission determines its own basic operating principles and funding criteria on an annual federal fiscal year (October 1 to September 30) basis. The Commission outlines these priorities and funding recommendations in an annual work plan. The FY 2019 Work Plan was developed in the following manner.

- A workgroup comprised of Denali Commissioners and Commission staff developed a preliminary draft work plan.

- The preliminary draft work plan was published on Denali.gov for review by the public in advance of public testimony.

- A public hearing was held to record public comments and recommendations on the preliminary draft work plan.

- Written comments on the preliminary draft work plan were accepted for another ten days after the public hearing.

- All public hearing comments and written comments were provided to Commissioners for their review and consideration.

- Commissioners discussed the preliminary draft work plan in a public meeting and then voted on the work plan during the meeting.

- The Commissioners forwarded their recommended work plan to the Federal Co-Chair, who then prepared the draft work plan for publication in the **Federal Register** providing a 30-day period for public review and written comment. During this time, the draft work plan will also be disseminated to Commission program partners including, but not limited to, the Bureau

of Indian Affairs (BIA), the Economic Development Administration (EDA), Department of Agriculture—Rural Utilities Service (USDA/RUS), and the State of Alaska.

- At the conclusion of the **Federal Register** Public comment period Commission staff provides the Federal Co-Chair with a summary of public comments and recommendations, if any, on the draft work plan.

- If no revisions are made to the draft, the Federal Co-Chair provides notice of approval of the work plan to the Commissioners, and forwards the work plan to the Secretary of Commerce for approval; or, if there are revisions the Federal Co-Chair provides notice of modifications to the Commissioners for their consideration and approval, and upon receipt of approval from Commissioners, forwards the work plan to the Secretary of Commerce for approval.

- The Secretary of Commerce approves the work plan.

- The Federal Co-Chair then approves grants and contracts based upon the approved work plan.

FY 2019 Appropriations Summary

The Commission has historically received federal funding from several sources. The two primary sources at this time include the Energy & Water Appropriation Bill (“base” or “discretionary” funds) and an annual allocation from the Trans-Alaska Pipeline Liability (TAPL) fund. The proposed FY 2019 Work Plan assumes the Commission will receive \$15,000,000 of base funds, which is the amount referenced in the reauthorization of the Commission passed by Congress in 2016 (ref: Pub. L. 114–322), and a \$1,900,000 TAPL allocation based on discussions with the Office of Management and Budget (OMB). Approximately \$4,000,000 of the base funds will be used for administrative expenses and non-project program support, leaving \$11,000,000 available for program activities. The total base funding shown in the Work Plan also includes an amount typically available from project closeouts and other de-obligations that occur in any given year. Approximately \$200,000 of the TAPL funds will be utilized for administrative expenses and non-project program support, leaving \$1,700,000

available for program activities. Absent any new specific direction or limitations provided by Congress in the current Energy & Water Appropriations Bill, these funding sources are governed by the following general principles, either by statute or by language in the Work Plan itself:

- Funds from the Energy & Water Appropriation are eligible for use in all programs.

- TAPL funds can only be used for bulk fuel related projects and activities.

- Appropriated funds may be reduced due to Congressional action, rescissions by OMB, and other federal agency actions.

- All Energy & Water and TAPL investment amounts identified in the work plan, are “up to” amounts, and may be reassigned to other programs included in the current year work plan, if they are not fully expended in a program component area or a specific project.

- Energy & Water and TAPL funds set aside for administrative expenses that subsequently become available, may be used for program activities included in the current year work plan.

DENALI COMMISSION FY2019 FUNDING SUMMARY

Source	Available for program activities
Energy & Water Funds:	
FY 2019 Energy & Water Appropriation ¹	\$11,000,000
Prior Year Funds	1,000,000
Subtotal	12,000,000
TAPL Funds:	
FY 2019 Annual Allocation	1,700,000
Grand Total	13,700,000

Notes: 1. If the final appropriation is less than \$15 million the Federal Co-Chair shall reduce investments to balance the FY 2019 Work Plan.

Program and type of investment	Energy & Water	TAPL	Total
Energy Reliability and Security:			
Diesel Power Plants	\$3,800,000	\$3,800,000
Audits, TA, Community Energy Efficiency Improvements	500,000	500,000
RPSU Maintenance and Improvement Projects	2,200,000	\$2,200,000
Improve Administrative and Operation and Maintenance Practices	300,000	300,000
Subtotal	6,800,000	6,800,000
Bulk Fuel Safety and Security:			
New/Refurbished Facilities	\$1,200,000	1,200,000
Maintenance and Improvement Projects	300,000	300,000
Improve Administrative and Operation & Maintenance Practices	200,000	200,000	400,000
Subtotal	200,000	1,700,000	1,900,000
Village Infrastructure Protection:			
Mertarvik	3,000,000	3,000,000
Shishmaref	500,000	500,000
Shaktolik	500,000	500,000
Kivalina	500,000	500,000

Program and type of investment	Energy & Water	TAPL	Total
Program Development and Support for other Vulnerable Communities	500,000	500,000
Subtotal	5,000,000	5,000,000
Totals	12,000,000	1,700,000	13,700,000

Energy and Bulk Fuel Programs

FY 2019 Denali Commission investments in Energy and Bulk Fuel may include:

- Remote Power System Upgrade (RPSU) projects at locations selected based on need in consultation with the Alaska Energy Authority (AEA) and Alaska Village Electric Cooperative (AVEC)
- Bulk Fuel Upgrade (BFU) projects at locations selected based on need in consultation with AEA and AVEC
- Rural power system and bulk fuel facility Maintenance and Improvement (M&I) projects at locations selected based on need in consultation with AEA and AVEC
- Continued support of the rural power system and bulk fuel facility operator training programs managed by AEA
- Continued support of the Sanitation Energy Efficiency Program at the Alaska Native Tribal Health Consortium (ANTHC)

Village Infrastructure Protection Program

In order to fulfill its role as lead federal coordinating agency the Commission staff, in consultation with State, Federal, and other partners, and the referenced communities in particular, proposes the following investments in support of the new Village Infrastructure Protection (VIP) Program. United States Government Accountability Office (GAO) Report 09–551 (<http://www.gao.gov/products/GAO-09-551>) has been instrumental in charting prospective Commission investments under this program.

Mertarvik

The community of Newtok has initiated its relocation to Mertarvik and has started building infrastructure at Mertarvik. The Commission funds summarized above may be used for the following activities:

- Continued support for the existing Community Relocation Coordinator
- Continued support for professional project management and contracting services
- Infrastructure development at Mertarvik

Shishmaref

Shishmaref has voted to relocate and is now working to select a new site. The Commission funds summarized above may be used for the following activities:

- Continued support for the existing Community Relocation Coordinator
- New town-site planning and design
- Professional project management services

Shaktoolik

The community of Shaktoolik has decided to protect the community in place for now. The Commission funds summarized above may be used for the following activities:

- Continued support for the existing Community Relocation Coordinator
- Administrative support
- Match/gap funds for other related activities

Kivalina

Kivalina is considering relocation and has selected a site for a new school. The Commission funds summarized above may be used for the following activities:

- Continued support for the existing Community Relocation Coordinator
- Administrative support
- Match/gap funds for other related activities

Program Development and Support for Other Vulnerable Communities

The \$500,000 referenced above for this line item in the Workplan may be used for activities such as the following.

- Continued support for the ETC (Environmentally Threatened Communities) Grant Writing Center of Excellence at the Alaska Native Tribal Health Consortium
- Hazard Mitigation Plan related initiatives and projects
- Data/threat analyses related to erosion, flooding and permafrost degradation
- VIP related coordination, outreach and partner support

Joel Neimeyer,
Federal Co-Chair.

BILLING CODE 3300–01–P

DEPARTMENT OF EDUCATION

Notice Announcing Availability of Funds and Application Deadlines; Hurricane Education Recovery

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education (Department) is issuing a notice announcing availability of funds and application deadlines for the Temporary Emergency Impact Aid for Displaced Students (Emergency Impact Aid) and the Assistance for Homeless Children and Youth programs under the Division B, Subdivision 1, Title VIII, “Hurricane Education Recovery,” of Public Law 115–123, the “Bipartisan Budget Act of 2018.”

DATES: Applications Available: April 25, 2018.

Deadline for Transmittal of State educational agency (SEA) Application for the Emergency Impact Aid program: May 25, 2018.

Deadline for Transmittal of State educational agency (SEA) Application for the Homeless Children and Youth program: May 25, 2018.

Deadline for local educational agencies (LEAs) to submit applications to SEAs under the Emergency Impact Aid program: May 15, 2018.

Deadline for LEAs to submit applications to SEAs under the Assistance for Homeless Children and Youth program: There is no statutory deadline for LEA applications under this program. Each eligible SEA will set a reasonable deadline for the submission of LEA applications.

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on February 12, 2018 (83 FR 6003) and available at www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf.

FOR FURTHER INFORMATION CONTACT: For additional information on the Emergency Impact Aid program, please contact Francisco Ramirez. Telephone (202) 260–1541. Email:
