

within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* Semi-Annual Progress Report for Grantees from the Sexual Assault Services Program—Grants to Culturally Specific Programs (SASP-Culturally Specific Program).

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: 1122–0023. U.S. Department of Justice, Office on Violence Against Women

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* The affected public includes the approximately 11 grantees of the SASP Culturally Specific Program. This program supports projects that create, maintain and expand sustainable sexual assault services provided by culturally specific organizations, which are uniquely situated to respond to the needs of sexual assault victims within culturally specific populations.

(5) *An estimate of the total number of respondents and the amount of time*

estimated for an average respondent to respond/reply: It is estimated that it will take the approximately 11 respondents (SASP-Culturally Specific Program grantees) approximately one hour to complete a semi-annual progress report. The semi-annual progress report is divided into sections that pertain to the different types of activities in which grantees may engage. A SASP-Culturally Specific Program grantee will only be required to complete the sections of the form that pertain to its own specific activities.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual hour burden to complete the data collection forms is 22 hours, that is 11 grantees completing a form twice a year with an estimated completion time for the form being one hour.

If additional information is required contact: Robert Houser, Assistant Director, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E, 405B, Washington, DC 20530.

Dated: June 21, 2022.

Robert Houser,

*Assistant Director, Policy and Planning Staff,
U.S. Department of Justice.*

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petition for Modification of Application of Existing Mandatory Safety Standards

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice.

SUMMARY: This notice is a summary of a petition for modification submitted to the Mine Safety and Health Administration (MSHA) by the party listed below.

DATES: All comments on the petition must be received by MSHA’s Office of Standards, Regulations, and Variances on or before July 27, 2022.

ADDRESSES: You may submit comments identified by Docket No. MSHA–2022–0031 by any of the following methods:

1. *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments for MSHA–2022–0031.
2. *Fax:* 202–693–9441.
3. *Email:* petitioncomments@dol.gov.
4. *Regular Mail or Hand Delivery:* MSHA, Office of Standards,

Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, Virginia 22202–5452, *Attention:* S. Aromie Noe, Director, Office of Standards, Regulations, and Variances. Persons delivering documents are required to check in at the receptionist’s desk in Suite 4E401. Individuals may inspect copies of the petition and comments during normal business hours at the address listed above. Before visiting MSHA in person, call 202–693–9455 to make an appointment, in keeping with the Department of Labor’s COVID–19 policy. Special health precautions may be required.

FOR FURTHER INFORMATION CONTACT: S. Aromie Noe, Office of Standards, Regulations, and Variances at 202–693–9440 (voice), Petitionsformodification@dol.gov (email), or 202–693–9441 (fax). [These are not toll-free numbers.]

SUPPLEMENTARY INFORMATION: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and title 30 of the Code of Federal Regulations (CFR) part 44 govern the application, processing, and disposition of petitions for modification.

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. The application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, sections 44.10 and 44.11 of 30 CFR establish the requirements for filing petitions for modification.

II. Petition for Modification

Docket Number: M–2022–010–C.

Petitioner: American Consolidated Natural Resources, Inc., 46226 National Road, St. Clairsville, Ohio 43950.

Mines: Ohio County Mine, MSHA ID No. 46–01436, located in Marshall County, West Virginia; Marshall County Mine, MSHA ID No. 46–01437, located in Marshall County, West Virginia; Marion County Mine, MSHA ID No. 46–01433, located in Marion County, West Virginia; and Harrison County Mine, MSHA ID No. 46–01318, located in Harrison County, West Virginia.

Regulation Affected: 30 CFR 75.1002(a), Installation of electric

equipment and conductors; permissibility.

Modification Request: The petitioner requests a modification of 30 CFR 75.1002(a) to permit use of the CleanSpace EX Powered Respirator within 150 feet of pillar workings or longwall faces.

The petitioner states that:

(a) The petitioner previously used the 3M airstream helmets to provide miners respirable dust protection on the longwall faces.

(b) 3M has discontinued the Airstream helmet, and there are no other MSHA-approved Powered Air Purifying Respirators (PAPRs).

(c) The CleanSpace EX is certified by UL under the ANSI/UL 60079-11 standard to be used in hazardous locations because it meets the intrinsic safety protection level and is acceptable in other jurisdictions for use in mines with the potential for methane accumulation.

(d) The CleanSpace EX Power Unit, manufactured by CleanSpace, has been determined to be intrinsically safe under IECEx and other countries' standards.

(e) CleanSpace is not pursuing MSHA approval.

The petitioner proposes the following alternative method:

(a) The equipment will be examined at least weekly by a qualified person according to 30 CFR 75.512-2. Examination results will be recorded weekly and may be expunged after one year.

(b) The petitioner will comply with 30 CFR 75.323.

(c) A qualified person under 30 CFR 75.151 will monitor for methane in the affected area of the mine as is required by the standard.

(d) When not in operation, batteries for the PAPR will be charged on the surface or underground in intake air and not within 150 feet of the pillar workings or longwall face.

(e) *The following battery charging products will be used:* PAF-0066 and PAF-1100.

(f) Qualified miners will receive training regarding how to safely use, care for, and inspect the PAPR, and on the Decision and Order before using equipment in the relevant part of the mine. A record of the training will be kept and available upon request.

The petitioner asserts that the alternative method proposed will at all times guarantee no less than the same

measure of protection afforded the miners under the mandatory standard.

Song-ae Aromie Noe,

Director, Office of Standards, Regulations, and Variances.

In addition, sections 44.10 and 44.11 of 30 CFR establish the requirements for filing petitions for modification.

II. Petition for Modification

Docket Number: M-2022-009-C.

Petitioner: American Consolidated Natural Resources, Inc., 46226 National Road, St. Clairsville, Ohio 43950.

Mines: Ohio County Mine, MSHA ID No. 46-01436, located in Marshall County, West Virginia; Marshall County Mine, MSHA ID No. 46-01437, located in Marshall County, West Virginia; Marion County Mine, MSHA ID No. 46-01433, located in Marion County, West Virginia; and Harrison County Mine, MSHA ID No. 46-01318, located in Harrison County, West Virginia.

Regulation Affected: 30 CFR 75.507-l(a), Electric equipment other than power-connection points; outby the last open crosscut; return air; permissibility requirements.

Modification Request: The petitioner requests a modification of 30 CFR 75.507-l(a) to permit use of the CleanSpace EX Powered Respirator in return air outby the last open crosscut.

The petitioner states that:

(a) The petitioner previously used the 3M airstream helmets to provide miners respirable dust protection on the longwall faces.

(b) 3M has discontinued the Airstream helmet, and there are no other MSHA-approved Powered Air Purifying Respirators (PAPRs).
