II. Method of Collection

Forms BE-605 and BE-605 Bank are quarterly reports that must be filed within 30 days after the end of each quarter (45 days after the final quarter of the respondent's fiscal year) by every U.S. business enterprise that is owned 10 percent or more by a foreign investor and that has total assets, sales or gross operating revenues, or net income (positive or negative) of over \$30 million. Potential respondents are those U.S. business enterprises that were required to report in the BE-12, Benchmark Survey of Foreign Direct Investment in the United States—2002, along with those U.S. business enterprises that subsequently entered the direct investment universe. The data collected are sample data covering transactions and positions between foreign-owned U.S. business enterprises and their affiliated foreign groups. Universe estimates are developed from the reported sample data.
