

OMB authorization to collect the information after publication of this notice for a period of six months.

DATES: Comments must be received by February 25, 2022.

ADDRESSES: The Department has requested emergency processing from OMB for this information collection request by 30 days after publication of this notice. Interested parties can access the supporting materials and collection instrument as well as submit comments and recommendations to OMB at www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

FOR FURTHER INFORMATION CONTACT: Angela Duncan, 571–372–7574, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION: The purpose of the overall evaluation is to determine the effectiveness of the Wingman Intervention Training (WIT) program in preventing sexual harassment (SH) and sexual assault (SA). Respondents are Airmen/Guardians. Respondents will be recruited as First Term Airmen/Guardians to target the population most vulnerable to SH and SA. Respondents will start the web-based baseline January 2022 with a six-month intake period until June 2022, and a 6-month follow-up survey (July–December 2022) on SH and SA so that DAF can learn whether the WIT programming is effective at preventing SH and SA events and promoting active bystander behaviors. DAF Resilience Office staff can use the results to improve their prevention programming, thus supporting safer, more inclusive settings. Further, Airmen/Guardians may benefit through the improvement of the WIT program to prevent SH and SA within the Air Force. The military and society at large will also benefit because military officers will be more knowledgeable about SH and SA and will be better able to intervene to prevent SH and SA.
