SUPPLEMENTARY INFORMATION:

Title: Associated Form; and OMB Number: SkillBridge Application, OMB Control Number 0704-DSBP.

Needs and Uses: DoD's SkillBridge program is an opportunity for Service members to gain valuable civilian work experience through specific industry training, apprenticeships, or internships during their last 180 days of service. DoD SkillBridge connects transitioning Service members with industry partners in real-world job experiences. For Service members, SkillBridge provides an invaluable chance to work and learn in civilian career areas. For industry partners, SkillBridge is an opportunity to access and leverage the world's most highly trained and motivated workforce at no cost. Service members participating in DoD SkillBridge programs continue receiving their military compensation and benefits, while industry partners provide the civilian training and work experience. Some SkillBridge partners may offer skills training and employment opportunities for military spouses and veterans as well as transitioning Service members.

The authorities for SkillBridge are 10 United States Code section 1143 and DoDI 1322.29 (Jobs Training, Employment Skills Training, Apprenticeships, and Internships for Eligible Service Members. In addition, the proposed information collection addresses many of the recommendations made by the Government Accountability Office in its August 2024 report *Better Collection and Analysis of Military Service Data Needed to Improve Oversight of the Skillbridge Program* (GAO-24-107352).

DoD is applying for the OMB review of the Skillbridge Application. Organizations that are interested in becoming industry partners will download the application from the DoD Skillbridge website, complete the application, and submit it to DoD. The Department will review the application to determine if the applicant meets the established criteria, consents to the policies outlined in the application, and if DoD approves the application, contact the applicant, and establish the relationship. As part of their agreement with DoD, all Skillbridge partners are required to provide regular updates on their Service member participants (e.g., how many Service members applied to them, how many were accepted into the organization, and if they were offered employment at the end of the program).
