

Administration Order 7400.9X, Airspace Designations and Reporting Points, dated August 7, 2013, effective September 15, 2013, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth

* * * * *

ASO GA E5 Blairsville, GA [New]

Blairsville Airport, GA
(Lat. 34°51'16" N., long. 83°59'50" W.)

That airspace extending upward from 700 feet above the surface within a 16-mile radius of Blairsville Airport.

Issued in College Park, Georgia, on February 4, 2014.

Eric Fox,

*Acting Manager, Operations Support Group,
Eastern Service Center, Air Traffic
Organization.*

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2013-0932; Airspace
Docket No. 13-ASO-24]

Proposed Establishment of Class E Airspace; Nashville, TN

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to establish Class E Airspace at Nashville, TN, to accommodate a new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) serving Nashville International Airport. This action would enhance the safety and airspace management of Instrument Flight Rules (IFR) operations within the National Airspace System.

DATES: Comments must be received on or before March 31, 2014.

ADDRESSES: Send comments on this rule to: U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey SE., Washington, DC 20590-0001; Telephone: 1-800-647-5527; Fax: 202-493-2251. You must identify the Docket Number FAA-2013-0932; Airspace Docket No. 13-ASO-24, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2013-0932; Airspace Docket No. 13-ASO-24) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2013-0932; Airspace Docket No. 13-ASO-24." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded from and comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday,

except Federal Holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal Holidays, at the office of the Eastern Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to establish Class E airspace as an extension to a Class C surface area at Nashville, TN, providing the controlled airspace required to support the new RNAV (GPS) standard instrument approach procedures for Nashville International Airport. Accordingly, a segment of controlled airspace would extend from the 5-mile radius of the airport to 11.7-miles south of the airport, and a segment would extend from the 5-mile radius of the airport to 8.9 miles southwest of the airport.

Class E airspace designations are published in Paragraph 6003 of FAA order 7400.9X, dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the

authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would establish Class E airspace at Nashville International Airport, Nashville, TN.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Lists of Subjects in 14 CFR Part 71:

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment:

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND CLASS E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9X, Airspace Designations and Reporting Points, dated August 7, 2013, effective September 15, 2013, is amended as follows:

Paragraph 6003 Designated as an Extension to a Class C Surface Area

* * * * *

ASO TN E3 Nashville, TN [New]

Nashville International Airport, TN
(Lat. 36°07'31" N., long. 86°40'35" W.)
Nashville VORTAC
(Lat. 36°07'62" N., long. 86°40'95" W.)

That airspace extending upward from the surface extending from the 5-mile radius of the Nashville International Airport to an 11.7-mile radius southeast of the airport, from the Nashville VORTAC 161° radial clockwise to the 195° radial, and to an 8.9-mile radius southwest of the airport from the 195° radial of the VORTAC clockwise to the 231° radial of the VORTAC.

Issued in College Park, Georgia, on February 4, 2014.

Eric Fox,

BILLING CODE 4910–13–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R06–OAR–2013–0542; FRL–9906–37–Region 6]

Approval and Promulgation of Implementation Plans; Texas; Revisions to the New Source Review State Implementation Plan; Flexible Permit Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to conditionally approve revisions to the Texas New Source Review (NSR) State Implementation Plan (SIP) submitted by the Texas Commission on Environmental Quality (TCEQ)¹ and its predecessor, the Texas Natural Resource Conservation Commission (TNRCC), on November 29, 1994; March 13, 1996; July 22, 1998; October 25, 1999; September 11, 2000; April 12, 2001; July 31, 2002, September 4, 2002; October 4, 2002; September 25, 2003; July 2, 2010; October 5, 2010; and October 21, 2013. These revisions to the Texas SIP establish the Flexible Permit Program. The flexible permit program is a minor NSR permit program which functions as an alternative to the traditional preconstruction permit program that is authorized in Title 30 of the Texas Administrative Code (30 TAC) Chapter 116, Subchapter B. The flexible permit program is intended to eliminate the need for owners or operators of participating facilities to submit an amendment application each time certain types of operational or physical changes are made at a permitted facility. EPA is proposing to conditionally approve the Flexible Permit Program as initially submitted in November 1994 and amended through the October 21, 2013, as consistent with federal requirements for minor NSR programs. Final approval of the Texas Flexible

Permit Program is contingent upon TCEQ adopting and submitting to EPA an approvable SIP revision addressing the commitments made by the TCEQ in its October 21, 2013, Flexible Permits Commitment Letter. EPA is proposing this action under Section 110 and part C of the Clean Air Act (CAA or the Act).

DATES: Comments must be received on or before March 14, 2014.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R06–OAR–2013–0542, by one of the following methods:

- <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- **Email:** Ms. Stephanie Kordzi at kordzi.stephanie@epa.gov.

- **Fax:** Ms. Stephanie Kordzi, Air Permits Section (6PD–R), at fax number 214–665–6762.

- **Mail or delivery:** Ms. Stephanie Kordzi, Air Permits Section (6PD–R), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202–2733.

Instructions: Direct your comments to Docket ID No. EPA–R06–OAR–2013–0542. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information the disclosure of which is restricted by statute. Do not submit information through <http://www.regulations.gov> or email, if you believe that it is CBI or otherwise protected from disclosure. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means that EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through <http://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment along with any disk or CD–ROM submitted. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters and any form of encryption and should be free of any defects or

¹ On September 1, 2002, the Texas Legislature (House Bill 2912) formally changed the name of Texas Natural Resource Conservation Commission to the Texas Commission on Environmental Quality.
