

agencies with an opportunity to comment on proposed and continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95). This program helps to ensure that the data the Department collects can be provided in the desired format, that the reporting burden on the public (time and financial resources) is minimized, that the public understands the Department's collection instruments, and that the Department can accurately assess the impact of its collection requirements on respondents. Currently, the Employee Benefits Security Administration (EBSA) is soliciting comments concerning a revision to the information collection contained in the National Medical Support Notice—Part B. A copy of the ICRs may be obtained by contacting the office listed in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office shown in the **ADDRESSES** section on or before June 21, 2022.

ADDRESSES: James Butikofer, Department of Labor, Employee Benefits Security Administration, 200 Constitution Avenue NW, Room N-5718, Washington, DC 20210, or ebbsa.opr@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Section 609(a) of the Employee Retirement Income Security Act of 1974, as amended (ERISA), requires each group health plan, as defined in ERISA section 607(1), to provide benefits in accordance with the applicable requirements of any “qualified medical child support order” (QMCSO). A QMCSO is, generally, an order issued by a state court or other competent state authority that requires a group health plan to provide group health coverage to a child or children of an employee eligible for coverage under the plan. In accordance with Congressional directives contained in the Child Support Performance and Incentive Act of 1998 (CSPIA), EBSA and the Federal Office of Child Support Enforcement (OCSE) in the Department of Health and Human Services (HHS) cooperated in the development of regulations to create a National Medical Support Notice (NMSN or Notice). The Notice simplifies the issuance and processing of qualified medical child support orders issued by state child support enforcement agencies, provides for standardized communication between state agencies, employers, and plan administrators, and creates a uniform and streamlined process for

enforcement of medical child support obligations ordered by state child support enforcement agencies. The NMSN comprises two parts: Part A was promulgated by HHS and pertains to state child support enforcement agencies and employers; Part B was promulgated by the Department and pertains to plan administrators pursuant to ERISA. This solicitation of public comment relates only to Part B of the NMSN, which was promulgated by the Department. In connection with promulgation of Part B of the NMSN, the Department submitted an ICR to the Office of Management and Budget (OMB) for review, and OMB approved the information collections contained in Part B under OMB control number 1210–0113. OMB's approval of this ICR is scheduled to expire on October 31, 2022.

II. Current Actions

This notice requests comments on a revision to the ICR included in Part B of the NMSN. The changes are generally formatting changes and additional spaces intended to facilitate completion of the Form and conform to similar changes made to Part A. Specific changes include check boxes added to the Plan Administrator Response, expanded space on the Form to allow for the identification of up to six children, and minor text edits for clarity. An addendum provides additional space to identify insurance provider information and to list the children that are no longer eligible for coverage because they are above the age at which dependents are eligible for coverage under the plan. Spaces are also added for email contact information for both the issuing agency and the plan administrator. Finally, the changes add an instruction that the Plan Administrator Response must be returned to the child support agency that issued the Form, so as to avoid parties inadvertently providing the response to the Department of Labor.

A summary of the Department's ICR and its current burden estimates follows:

III. Focus of Comments

SUPPLEMENTARY INFORMATION:

I. Abstract

The Science Mission Directorate (SMD) within NASA is undertaking an Inclusion, Diversity, Equity, and Accessibility (IDEA) change effort. SMD seeks to advance these IDEA principles in all SMD programs and activities. This survey will be used as an evidence-building tool baselining SMD staff (civil servants and contractors) views on the SMD cultural climate. The survey will then be periodically (approximately annually) administered to determine whether cultural indicators are improving as IDEA efforts are implemented. Data obtained is intended for SMD internal use only and will not be publicly released. Data will be used to inform and substantiate IDEA strategy, initiatives, and design. This intelligence will be laser-focused on improving SMD's internal environment. This survey will be open to both contractors and civil servants because contractors are integral to and

embedded within the SMD workforce. No other data collection mechanism exists to obtain opinions from the contractor portion of the workforce on this topic. The survey will be voluntary and anonymous (the identity of survey respondents will not be collected).
