**SUPPLEMENTARY INFORMATION:**

1. In this Final Rule, the Commission delays the compliance date for the requirements of Order No. 860 until July 1, 2021.

**I. Background**

1. On July 18, 2019, the Commission issued Order No. 860,<sup>1</sup> which revised certain aspects of the substance and format of information submitted for market-based rate purposes by Sellers.<sup>2</sup> Specifically, the Commission adopted the approach to data collection proposed in the Notice of Proposed Rulemaking issued in July 2016, *i.e.*, to collect market-based rate information in a relational database.<sup>3</sup> The current effective date of Order No. 860 was October 1, 2020.<sup>4</sup>

2. On March 18, 2021, the Commission issued a Notice Seeking Comments (Notice) on a proposal to collect additional data from certain Sellers through revisions to the data dictionary and XML schema that accompany the relational database established in Order No. 860 (MBR Data Dictionary).<sup>5</sup> Specifically, the Notice proposes to update the MBR Data Dictionary and add three new attributes to the Entities to Entities table. This requirement includes submitting into

<sup>2</sup> A Seller is defined as any person that has authorization to or seeks authorization to engage in sales for resale of electric energy, capacity or ancillary services at market-based rates under section 205 of the Federal Power Act (FPA). 18 CFR 35.36(a)(1); 16 U.S.C. 824d.

<sup>4</sup> On May 20, 2020, the Commission issued a Notice of Extension of Time to notify industry that the implementation of Order No. 860 would be delayed by six months.

<sup>5</sup> *Data Collection for Analytics & Surveillance and Market-Based Rate Purposes*, Proposed revision of collected information; request for comments, 86 FR 17823 (Apr. 6, 2021), 174 FERC ¶ 61,214 (2021).

the relational database the docket number of the section 203(a)(2) blanket authorization, the identifier(s) of the upstream affiliate(s) whose securities were acquired pursuant to the section 203(a)(2) blanket authorization, and the type of identifier(s) reported. The appropriate Sellers would be required to submit the docket number of the proceeding in which the Commission granted the section 203(a)(2) blanket authorization and the proper identifier(s) for the upstream affiliate(s) whose securities were acquired pursuant to the section 203(a)(2) blanket authorization.

## II. Discussion

3. The Notice requests that comments on the proposal be filed 60 days after the publication to the **Federal Register**. A delay in the compliance date of Order No. 860 is necessary to allow for public comment on the Commission's proposal in the Notice and for the Commission to have adequate time to review those comments. Accordingly, we extend the compliance date for the requirements of Order No. 860 to July 1, 2021. Other implementation dates in Order No. 860 are correspondingly extended as shown in the attached Appendix.

4. Notice and comment on this delay in compliance is unnecessary because the delay is short, the compliance dates remain aligned with the dates established in Order No. 860 (as shown in the Appendix), and there is no change to the policy effectuated by Order No. 860.

## III. Information Collection Statement

5. This final rule delays compliance to Order No. 860 but does not change any reporting or recordkeeping requirements. Therefore, there is no change in estimated burden or cost from Order No. 860.

## IV. Environmental Analysis

6. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment.<sup>6</sup> The Commission has categorically excluded certain actions from these requirements as not having a significant effect on the human environment.<sup>7</sup> The actions proposed here fall within a categorical exclusion in the Commission's regulations, *i.e.*, they involve information gathering, analysis, and dissemination.<sup>8</sup> Therefore, environmental analysis is unnecessary and has not been performed.

## V. Regulatory Flexibility Act

7. This final rule delays compliance to Order No. 860 but does not change any reporting or record keeping requirements. Therefore, there is no change in the estimated impact on small entities. Accordingly, we certify that this final rule will not have a significant economic impact on a substantial number of small entities.
