Abstract: The No Child Left Behind Act of 2001 (NCLB), which reauthorized the Elementary and Secondary Education Act of 1965, provides funds to districts to improve the quality of their teaching and principal force and raise student achievement. These funds are provided to districts through Title II, Part A ("Improving Teacher Quality State Grants—Subgrants to LEAs"). The purpose of this survey is for the U.S. Department of Education to have a better understanding of how districts are using these funds. The survey also collects information on high-quality professional development in LEAs.

This OMB clearance request is to continue these analyses using a similar data collection instrument and sampling plan for the 2007–2008 school year and subsequent years. The major change from past years is the addition of a short survey for State Educational Agencies (SEAs). The SEA survey will provide information on fiscal year allocations of Title II, Part A funds made to the LEAs selected for participation in the main survey and be preprinted with the names of the LEAs selected for participation in the LEA survey.

DEPARTMENT OF ENERGY

LSBC, Inc.; Notice of Intent To Grant Exclusive Patent License

AGENCY: Department of Energy, Office of the General Counsel.

SUMMARY: Notice is hereby given with an intent to grant to Lone Star Bit, ("LSBC, Inc."), of Stafford, Texas, an exclusive license to practice the inventions described in U.S. Patent No. 6,427,791, entitled "Drill bit assembly for releasably retaining a drill bit cutter." The inventions are owned by the United States of America, as represented by the U.S. Department of Energy (DOE).

DATES: Written comments or nonexclusive license applications are to be received at the address listed below no later than March 20, 2008.

ADDRESSES: Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, 1000 Independence Ave., SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Annette R. Reimers, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Forrestal Building, Room 6F–067, 1000 Independence Ave., SW., Washington, DC 20585; Telephone (202) 586–3815.

SUPPLEMENTARY INFORMATION: 35 U.S.C. 209 provides federal agencies with authority to grant exclusive licenses in federally-owned inventions, if, among other things, the agency finds that the public will be served by the granting of the license. The statute requires that no exclusive license may be granted unless public notice of the intent to grant the license has been provided, and the agency has considered all comments received in response to that public

notice before the end of the comment period.

LSBC, Inc., of Stafford, Texas has applied for an exclusive license to practice the inventions embodied in U.S. Patent No. 6,427,791 and has plans for commercialization of the inventions. The exclusive license will be subject to a license and other rights retained by the U.S. Government and other terms and conditions to be negotiated. DOE intends to negotiate to grant the license, unless, within 30 days of this notice, the Assistant General Counsel for Technology Transfer and Intellectual Property, Department of Energy, Washington, DC 20585, receives in writing any of the following, together with supporting documents:

(i) A statement from any person setting forth reason why it would not be in the best interests of the United States to grant the proposed license; or

(ii) An application for a nonexclusive license to the invention in which applicant states that it already has brought the invention to practical application or is likely to bring the invention to practical application expeditiously.

The Department will review all timely written responses to this notice and will proceed with negotiating the license if, after consideration of written responses to this notice, a finding is made that the license is in the public interest.

Issued in Washington, DC on February 7, 2008.

Paul A. Gottlieb,

Assistant General Counsel for Technology Transfer and Intellectual Property.
