

Total estimated burden: 1,880 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$380,000 (per year), which includes \$165,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in burden for this ICR compared to the previous ICR. This situation is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is very low, negative or non-existent, so there is no significant change in the overall burden.

Courtney Kerwin,

Director, Regulatory Support Division.
