Grants for Violence-Related Injury Prevention Research; Notice of Availability of Funds; Amendment

A notice announcing the availability of Fiscal Year 2001 funds to fund grants for Injury Prevention and Control Research in the priority areas of Violence and Abuse Prevention which was published in the **Federal Register** on December 22, 2000, (Volume 65, No. 247, pages 80891–80895). The notice is amended as follows:

On page 80892, first column, under Section C. Availability of Funds, first paragraph, line 1 should be changed to read "Approximately \$2.4 million * * *".

On page 80892, first column, under Section C. Availability of Funds, first paragraph, line 1 should be changed to read "* * * approximately 8–10 awards * * *".

On page 80892, first column, under Programmatic Interest, the following paragraph should be inserted between the first and second paragraph:

"Research is sought to document and improve understanding of similarities and differences among types of perpetrators and violence. To that end it will be necessary to examine: (1) Programs for intervening with men who only batter intimate partners may have to be different than those for men who batter intimate partners and maltreat their children, (2) whether among adolescents, prevention programs that currently focus on peer violence exclusively should assess and address

dating violence, (3) the value of screening for intimate partner violence and sexual violence in primary health care settings. Currently, we lack information on available screening practices and their impact on women and the prevention of violence against women."

On page 80893, first column, item numbered (2.) should be changed to read, "Document and improve understanding of the relationships and links between different types and of violence; and different forms of perpetration, especially among adolescent offenders. Of particular concern are:" On page 80893, first column, under item numbered (2.), first bullet should be changed to read, "* * * and perpetration to child abuse and sexual violence."

On page 80893, first column, under item numbered (2.), between first and second bullet insert a bullet that reads: "The relationship between perpetration of intimate partner violence and perpetration of child abuse and sexual violence."

On page 80893, first column, under item numbered (2.) following the last bullet insert a bullet that reads: "The relationship between youth violence directed at non-intimates and that directed at dates in the form of either sexual violence or physical abuse."

On page 80893, first column, item number (3.) should be changed to read "* * * and child abuse. Of particular interest is:"

On page 80893, first column, under item numbered (3.) insert a bullet that reads "interventions that seek to prevent multiple types of violence perpetration."

Dated: February 6, 2001.

Citizens Advisory Committee on Public Health Service Activities and Research at Department of Energy (DOE) Sites: Idaho National Engineering and Environmental Laboratory Health Effects Subcommittee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act

(Pub. L. 92–463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

Name: Citizens Advisory Committee on Public Health Service Activities and Research at Department of Energy (DOE) Sites: Idaho National Engineering and Environmental Laboratory Health Effects Subcommittee.

Times and Dates: 8:30 a.m.–5:15 p.m., March 6, 2001.

8:30 a.m.–2:15 p.m., March 7, 2001.

Place: WestCoast ParkCenter Suites, 424 East ParkCenter Boulevard, Boise, Idaho 83706, telephone, 208/342–1044.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: Under a Memorandum of Understanding (MOU) signed in December 1990 with DOE, and replaced by MOUs signed in 1996 and 2000, the Department of Health and Human Services (HHS) was given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production use. HHS delegated program responsibility to CDC.

In addition, a memo was signed in October 1990 and renewed in November 1992, 1996, and in 2000, between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator ATSDR, regarding community concerns pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to provide a forum for community interaction and serve as a vehicle for community concerns to be expressed as advice and recommendations to CDC and ATSDR.

Matters to be Discussed: Agenda items include presentations from the National Center for Environmental Health (NCEH) and ATSDR on updates regarding progress of current studies. Agenda items are subject to change as priorities dictate.
