On August 28, 2014, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of New Mexico in the lawsuit entitled *United States and State of New Mexico v. Chevron Mining Inc.*, Civil Action No. 14cv783 KBM-SCY.

The plaintiffs seek compensation for damage to natural resources in and about the former MolyCorp Mining Site. The Site includes a molybdenum mine and mill, tailings ponds, and a slurry pipeline—all located near Questa, New Mexico. Defendant also will pay specified past assessment costs incurred by the trustees. In return, defendant will receive from plaintiffs specified covenants not to sue for natural resource damages resulting from releases from the Site, subject to reservations specified in the proposed Decree.
