

The Food Stamp Nutrition Education Systems Review will collect data in the following FSNE domains: organization and administration; program planning and decision-making; program implementation, including nutrition education messages, delivery and target audiences; monitoring and evaluation; and funding issues. The study will draw on three main sources of data: (1) Existing State FSNE plan documents for FY 2004, (2) Internet-based surveys of key staff from State food stamp agencies and FSNE implementing agencies, and (3) on-site interviews with staff from State food stamp agencies, implementing agencies, local projects, and program partners.

The sample frame for the study will include all State agencies expected to have approved FSNE Plans for FY 2004 (including the District of Columbia and the Virgin Islands). Contractor staff will abstract the necessary information from FY 2004 State FSNE plans and agency web sites to identify the universe of FSNE implementing agencies in these States. The Internet-based surveys will be a census of all 52 State food stamp agencies and approximately 93 implementing agencies. A systematic representative sample of implementing agencies will be selected for on-site data collection, after stratifying by type of implementing agency and FNS region. Types of implementing agencies include the traditional Cooperative Extension Services, nutrition networks, and other organizational structures. This is expected to result in a sample of about 34 implementing agencies in approximately 29 States. In consultation with each sampled implementing agency, 2 to 4 local project sites will be selected for site visits. Selection criteria will focus on capturing diversity in a variety of areas, including the target audience, geographical location, size and tenure of the program, and approaches to nutrition education.

The study and its data collection methodologies have been designed to minimize respondent burden wherever possible without compromising data quality. The use of a secure Internet site for survey administration will permit respondents to provide information at a time (or times) that is convenient to them. Respondents who do not have Internet access will be interviewed by telephone. In addition, all in-person interviews will be scheduled in advance in an effort to accommodate respondents' schedules. All survey questions will be kept as simple and respondent-friendly as possible. Maximum use will also be made of existing data from public sources.

Responses to all questions will be voluntary. The contractor will take the following steps to treat the data provided in a confidential manner: (1) Potentially sensitive survey data and all information collected in on-site interviews will be combined with other data and reported only in aggregate or statistical form, and (2) no data will be released in a form that identifies individual respondents by name. Respondents will be notified of these confidentiality measures by letter and in the Internet surveys.

Background

On December 10, 2001, the Department of Commerce (the Department) published in the **Federal Register** an antidumping duty order covering honey from the People's Republic of China (PRC). See Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order; Honey from the People's Republic of China, 66 FR 63670 (December 10, 2001). On December 2, 2003, the Department published a Notice of Opportunity to Request an Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation, 68 FR 67401. On December 29, 2003, Anhui Honghui, Eurasia Bee, and Jiangsu Kanghong requested that the Department conduct an administrative review of each respective company's entries during the POR. On December 31, 2003, the American Honey Producers Association and the Sioux Honey Association (collectively, petitioners), requested, in accordance with section 351.213(b) of the Department's regulations, an administrative review of entries of subject merchandise made during the POR by 20 Chinese producers/exporters, which included Anhui Honghui; Anhui Native Produce Import & Export Corp. ("Anhui Native"); Cheng Du; Eurasia Bee; Foodworld International Club, Ltd. ("Foodworld"); Henan Native Produce and Animal By-Products Import &

Export Company ("Henan"); High Hope International Group Jiangsu Foodstuffs Import & Export Corp. ("High Hope"); Inner Mongolia Youth; Jiangsu Kanghong; Jinan Products Industry Co., Ltd. ("Jinan"); and Native Produce and Animal Import & Export Co. ("Native Produce"). On January 14, 2004, the petitioners filed a letter withdrawing their request for review of Henan, High Hope, Jinan, and Native Produce. On January 22, 2003, the Department initiated the review for the remaining 16 companies. See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part, 68 FR 3009. On February 13, 2004, and February 18, 2004, petitioners withdrew their request for review of Foodworld and Anhui Native, respectively. On March 10, 2004, the Department rescinded the review for Foodworld and Anhui Native. See Honey from the People's Republic of China: Notice of Partial Rescission of Antidumping Duty Administrative Review, 69 FR 11383.

Separately, the Department also received timely requests in accordance with 19 CFR 351.214(c) from Anhui Honghui, Cheng Du, Eurasia Bee, Inner Mongolia Youth and Jiangsu Kanghong for new shipper reviews of the antidumping duty order on honey from the PRC. On February 6, 2004, we published a notice initiating new shipper reviews for each of these companies' sales during the same POR as this administrative review. See Honey from the People's Republic of China: Initiation of New Shipper Duty Administrative Reviews, 69 FR 5835. On February 24, 2004, Cheng Du stated that it did not have any direct or indirect export sales of honey to the United States during the POR that are not already covered by the separate new shipper review covering the period December 1, 2002, through May 31, 2003, and therefore requested that the Department rescind this proceeding for Cheng Du. On February 25, 2004, Inner Mongolia Youth stated that the only sale it made during the POR was currently being reviewed by the separate new shipper review and requested that the Department rescind this administrative review for Inner Mongolia Youth. On March 5, 2004, Anhui Honghui, Eurasia Bee and Jiangsu Kanghong withdrew their requests for the administrative review covering the POR because all of their entries of subject merchandise during the POR are already subject to the new shipper review initiated by the Department. On March 12, 2004, petitioners also withdrew their request for an administrative review of entries
