C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove the proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

The Exchange has requested accelerated approval of this proposed rule change prior to the 30th day after the date of publication of notice in the **Federal Register**. The Commission is considering granting accelerated approval of the proposed rule change at the end of a 21-day comment period.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64406; File No. SR-NASDAQ-2011-065]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt a Two-Sided Order for NOM Market Makers

May 4, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on May 3, 2011, The NASDAQ Stock Market LLC ("Exchange" or "NASDAQ") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange.

³⁴ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ is filing with the Securities and Exchange Commission ("Commission") a proposal for the NASDAQ Options Market ("NOM") to amend Chapter VI, Trading Systems, Section 1, Definitions, to adopt a "One-cancels-the-other" order type, as described further below.

This change is scheduled to be implemented on NOM on or about August 1, 2011; the Exchange will announce the implementation schedule by Options Trader Alert, once the rollout schedule is finalized.

The text of the proposed rule change is available at nasdaq.cchwallstreet.com, at NASDAQ's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASDAQ included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASDAQ has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to introduce a new order type to assist Market Makers with their market making requirements under NOM rules. Currently, on NOM, an Options Market Maker is a Participant³ registered with NASDAQ as a Market Maker.⁴ Market Makers on NOM have certain obligations such as maintaining two-sided markets and participating in transactions that are "reasonably calculated to contribute to the

³ The term "Options Participant" or "Participant" means a firm or organization that is registered with the Exchange pursuant to Chapter II of the NOM Rules for purposes of participating in options trading on NOM as a "Nasdaq Options Order Entry Firm" or "Nasdaq Options Market Maker."

⁴ See NOM Rules, Chapter VII, Section 2.

maintenance of a fair and orderly market.”⁵ The Exchange recently amended its rules to: (a) Require market maker assignment by option rather than by series; (b) adopt a \$5 quotation spread parameter; and (c) amend the quoting requirement for Market Makers.⁶

Today, Market Makers comply with their obligation to make a two-sided market by submitting orders into the NOM System, because NOM is designed as an order-driven system. For example, in the current rules, the terms “bid,” “offer,” and “quote” are defined in terms of an order, and the term “quote” generally refers to the bid/offer of a Market Maker. These terms would remain the same.

Under this proposal, Market Makers will continue to be able to submit orders to fulfill their two-sided market making obligation, but will also be able to submit a two-sided order, called a “one-cancels-the-other” order, consisting of both a bid and an offer; specifically, it consists of a buy order and a sell order treated as a unit. The new “one-cancels-the-other” order is part of a technological enhancement intended to offer to Market Makers a two-sided alternative, rather than having to enter two separate orders each with a bid or offer. Accordingly, the Exchange proposes to amend its rules to reflect the new two-sided order. Specifically, the new order type is being added to Chapter VI, Section 1(e) as new subparagraph (9).

Because NOM Rules require that when there is a bid from a Market Maker there must also be an offer,⁷ in the case of the new two-sided order, if after entry into the System either the bid or offer side is fully executed, the side that is unexecuted is canceled and returned to the entering Market Maker. Similarly, the new two-sided order is not routable.

The Exchange believes that this new order type is a useful, additional method of entering orders for Market Makers; the new order type should aid Market Makers in complying with their continuous quoting obligations by using this two-sided order rather than two separate orders. Market Maker obligations are not changing in this proposal.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposal is appropriate and reasonable, because it offers an additional method for Market Makers to comply with their quoting obligations. The Exchange also believes that the proposal is consistent with the obligation in Section 6(b)(5) that the proposal not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. Although the new order type is only available to Market Makers, only Market Makers are required by the Exchange’s rules to provide a continuous, two-sided market, which the new order type is intended to facilitate. It is not unfairly discriminatory because it is intended to assist Market Makers in complying with their continuous quoting obligations, including providing two-sided markets.

B. Self-Regulatory Organization’s Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section

19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6)¹¹ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or,
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2011-065 on the subject line.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64404; File No. SR-NYSEAmex-2011-31]

Self-Regulatory Organizations; NYSE Amex LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Proposing To Extend Its Program That Allows Transactions To Take Place at a Price That Is Below \$1 per Option Contract Until June 1, 2012

May 4, 2011.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on May 2, 2011, NYSE Amex LLC (the "Exchange" or "NYSE Amex") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend its program that allows transactions to take place at a price that is below \$1 per option contract until June 1, 2012. The

text of the proposed rule change is available at the Exchange, at <http://www.nyse.com>, at the Commission's Public Reference Room, and on the Commission's Web site at <http://www.sec.gov>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the Pilot Program ⁴ under Rule 968NY to allow accommodation transactions "Cabinet Trades") to take place at a price that is below \$1 per option contract to June 1, 2012. The Exchange proposes to extend the program for one year.

An "accommodation" or "cabinet" trade refers to trades in listed options on the Exchange that are worthless or not actively traded. Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 968NY Accommodation Transactions (Cabinet Trades), which sets forth specific procedures for engaging in cabinet trades. Rule 968NY currently provides for cabinet transactions to occur via open outcry at a cabinet price of a \$1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes participating in the Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of \$1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a Trading Official, a Floor Broker or a Market-Maker, but must yield priority to all resting orders in the Cabinet (those orders held by the Trading Official, and which resting cabinet orders may be

closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at \$1 per option contract.

The Exchange has temporarily amended the procedures through June 1, 2011 to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option contract. These lower priced transactions are permitted to be traded pursuant to the same procedures applicable to \$1 cabinet trades, except that (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also made available for trading in option classes participating in the Penny Pilot Program.⁵ The Exchange believes that allowing a price of at least \$0 but less than \$1 better accommodates the closing of options positions in series that are worthless or not actively traded, particularly due to recent market conditions which have resulted in a significant number of series being out-of-the-money. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out the position even at the \$1 cabinet price (e.g., the series might be quoted no bid).

As with other accommodation liquidations under Rule 968NY, transactions that occur for less than \$1 will not be disseminated to the public on the consolidated tape. In addition, as with other accommodation liquidations under Rule 968NY the transactions will be exempt from the Consolidated Options Audit Trail ("COATS") requirements of Exchange Rule 955NY Order Format and System Entry Requirements. However, the Exchange will maintain quotation, order and transaction information for the transactions in the same format as the COATS data is maintained. In this regard, all transactions for less than \$1 must be reported to the Exchange

⁵ Currently the \$1 cabinet trading procedures are limited to options classes traded in \$0.05 or \$0.10 standard increment. The \$1 cabinet trading procedures are not available in Penny Pilot Program classes because in those classes an option series can trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). Because the temporary procedures allow trading below \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier), the procedures are available for all classes, including those classes participating in the Penny Pilot Program.
