**SUPPLEMENTARY INFORMATION:** To the extent that 5 U.S.C. section 553 applies to this action, the action is exempt from notice and comment because it constitutes a rule of procedure under 5 U.S.C. section 553(b)(A). Alternatively, the Department's implementation of this action without opportunity for public comment, effective immediately upon publication today in the **Federal Register**, is based on the good cause exceptions in 5 U.S.C. 553(b)(3)(B) and 553(d)(3), in that seeking public comment is impractical, unnecessary and contrary to the public interest. The temporary 60-day delay in effective date is necessary to give Department officials the opportunity for further review and consideration of new regulations, consistent with the Assistant to the President's memorandum of January 20, 2001. Given the imminence of the effective date, seeking prior public comment on this temporary delay would have been impractical, as well as contrary to the public interest in the orderly promulgation and implementation of regulations.

Dated: January 29, 2001.

*Acting Deputy Solicitor.*

mail services, descriptions of the mail classes and special services and conditions governing their use, and standards for rate eligibility and mail preparation. The document is amended and republished about once a year, with each issue sequentially numbered. Interim updates of the DMM are posted monthly on the USPS Postal Explorer Web site (<http://pe.usps.gov>). DMM Issue 56, the next printed edition, is scheduled for release on January 7, 2001. The following excerpt from section I010, Summary of Changes, of the transmittal letter for DMM Issue 56 covers the minor changes not previously described in interim or final rules published in the **Federal Register**. Announcements of these minor changes were first published in various issues of the Postal Bulletin, an official biweekly document published by the Postal Service.
