inappropriate burden on intramarket competition because it will continue to apply equally to all Cboe Options market participants, and the Pilot Products will be available to all Cboe Options market participants. The Exchange believes there is sufficient investor interest and demand in the Pilot Program to warrant its extension. The Exchange believes that, for the period that the Pilot Program has been in operation, it has provided investors with desirable products with which to trade. Furthermore, the Exchange believes that it has not experienced any adverse market effects or regulatory concerns with respect to the Pilot Program. The Exchange further does not believe that the proposed extension of the Pilot Program will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because it only applies to trading on Choe Options. To the extent that the continued trading of the Pilot Products may make Choe Options a more attractive marketplace to market participants at other exchanges, such market participants may elect to become Choe Options market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act <sup>18</sup> and subparagraph (f)(6) of Rule 19b–4 thereunder.<sup>19</sup>

A proposed rule change filed pursuant to Rule 19b—4(f)(6) under the Act <sup>20</sup> normally does not become operative for 30 days after the date of its

filing. However, Rule 19b-4(f)(6)(iii) 21 permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the 30-day operative delay will allow it to extend the Pilot Program prior to its expiration on May 3, 2021, and maintain the status quo, thereby reducing market disruption. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest as it will allow the Pilot Program to continue uninterrupted, thereby avoiding investor confusion that could result from a temporary interruption in the Pilot Program. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.<sup>22</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

The text of the proposed rule change is also available on the Exchange's website (http://www.cboe.com/AboutCBOE/

### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

Currently, pursuant to Rule 5.1(b)(2), MSCI EAFE Index ("EAFE") and MSCI Emerging Markets Index ("EM") options trade on the Exchange from 9:30 a.m. until 4:15 p.m. Eastern time. The Exchange proposes to amend Rule 5.1(b)(2)(A) to add EAFE and EM options to the list of index options that may trade on the Exchange from 9:30 a.m. until 4:00 p.m. Eastern time.

By way of background, the Exchange currently lists and trades EAFE and EM options (collectively, "MSCI Index" options). The EAFE Index is designed to captures large and mid-cap representation across 21 developed markets countries (excluding the U.S. and Canada) with 902 constituents, which cover approximately 85% of the free float-adjusted market capitalization in each country. The EM Index is designed to capture large and mid-cap representation across emerging market countries across 26 emerging markets country indexes with 1,388 constituents, which cover approximately 85% of the free floatadjusted market capitalization in each country. The Exchange understands that investors trade options on MSCI Indexes often use the prices of the exchangetraded funds ("ETFs") derived from the MSCI Indexes (e.g., iShares MSCI EAFE and EM ETFs), the components of which are stocks that are components of the MSCI Indexes, to price options rather than futures on the MSCI Indexes (which are often used to price index options, such as options on the S&P 500). The related ETFs end regular trading at 4:00 p.m. Eastern time each day. Closing trading in the MSCI Index options at the same time the correlated ETFs end regular trading 5 will ensure investors have access to robust pricing of the ETFs, the underlying stock components of which are stocks that are components of the MSCI Indexes, they use to price the options, thus will reduce investors' price risk. Other index options may currently trade from 9:30 a.m. to 4:00 p.m. Eastern time.6

### 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of

<sup>&</sup>lt;sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2 17</sup> CFR 240.19b-4.

<sup>3 15</sup> U.S.C. 78s(b)(3)(A)(iii).

<sup>4 17</sup> CFR 240.19b-4(f)(6).

<sup>&</sup>lt;sup>5</sup> While the stocks may continue to trade in an aftermarket trading session on the listing exchanges, there is less liquidity in aftermarket trading, which generally leads to wider spreads and more volatile pricing.

<sup>6</sup> See Rule 5.1(b)(2)(A), pursuant to which options on the various S&P Select Sector Indexes may trade. Investors similarly use pricing of the underlying stocks of the Sector Indexes to price options and shares of ETFs derived from the Sector Indexes.
