

interests of Frontera were transferred from CSW Frontera GP II, Inc. and CSW Frontera LP II, Inc. to TPS Tejas GP, LLC and TPS Tejas LP, LLC; these entities are in turn each wholly owned subsidiaries of TPS Holdings, Inc., a Florida corporation which itself is a wholly owned subsidiary of TECO Power Services Corporation. TES is also a wholly-owned subsidiary of TPS.

On May 21, 2002, Frontera and TES jointly filed to have Frontera's authority to export electric energy generated at the Frontera powerplant in Mission, Texas, to Comision Federal de Electricidad (CFE), the national electric utility of Mexico) transferred to TES. The applicants made this request because they contemplate retail sales of electric energy to one or more entities in Mexico which TES, but not Frontera, may make. The requested transfer of authorization is to enable TES to export electricity to Mexico using the transmission facilities that were authorized by Presidential Permit PP-206.

The applicants have requested expedited processing of its application so that electric power exports currently being negotiated can meet the condition precedent to the power sales, that is, DOE approval of authorization transfer. Accordingly, DOE has set a 15-day comment period for this proceeding.
