Background

Senior Corps adopted new, required performance measures for its programs beginning in Fiscal Year 2013. Under a separate information collection approval, two Independent Living Performance Measures Surveys were cleared for use by grantees of the Senior Companion Program (required) and the RSVP Program (optional). All Senior Companion Program grantees are required to use the previously cleared surveys to solicit outcome data from

clients and caregivers served by Senior Companion volunteers. The information collection instrument proposed in this Notice will serve as the required template for grantees to use to provide two levels of information: (1) A row on the spreadsheet template corresponding to each individual client, without any personal information that could identify the individual; and (2) aggregate project level performance measures data for submission to CNCS. Grantees will complete the template, by transcribing information from the individual surveys completed by the clients and caregivers served by Senior Companion volunteers (required) and RSVP volunteers (optional) to the spreadsheet template.

Current Action

This is a new information collection request. The proposed standardized spreadsheet will incorporate all questions listed on the currently approved Independent Living Performance Measures Surveys for both clients and caregivers. Respondents will aggregate data on the proposed spreadsheet for submission to CNCS.
