

determine how much fishing can be allowed and the time the fishery must open and close in order to harvest the appropriate amount of fish while they are available.

Moreover, such prior notice and opportunity for public comment is impracticable because not closing the fishery upon attainment of the quota would allow the quota to be exceeded and thus compromise the conservation objectives established pre-season, and it does not allow fishers appropriately controlled access to the available fish at the time they are available.

The AA also finds good cause to waive the 30-day delay in the effective date, required under 5 U.S.C. 553(d)(3), of the in-season orders. A delay in the effective date of the in-season orders would not allow fishers appropriately controlled access to the available fish at that time they are available.

This action is authorized by 50 CFR 300.97, and is exempt from review under Executive Order 12866.

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; in-season quota transfer.

SUMMARY: NMFS announces that the State of North Carolina is transferring a portion of its 2009 commercial summer flounder quota to the Commonwealth of Virginia and the State of New Jersey. By this action, NMFS adjusts the quotas and announces the revised commercial quota for each state involved.

DATES: Effective February 9, 2009 through December 31, 2009.

Specialist, (978) 281-9244, FAX (978) 281-9135.

SUPPLEMENTARY INFORMATION:

Regulations governing the summer flounder fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from North Carolina through Maine. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.100.

The final rule implementing Amendment 5 to the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan, which was published on December 17, 1993 (58 FR 65936), provided a mechanism for summer flounder quota to be transferred from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Northeast Region, NMFS (Regional Administrator), can transfer or combine summer flounder commercial quota under § 648.100(d). The Regional Administrator is required to consider the criteria set forth in § 648.100(d)(3) in the evaluation of requests for quota transfers or combinations.

North Carolina has agreed to transfer 28,952 lb (13,132 kg) of its 2009 commercial quota to Virginia to cover the summer flounder landings of three North Carolina vessels granted safe harbor in Virginia due to mechanical issues between January 2 and January 6, 2009. In addition, North Carolina has agreed to transfer 1,033 lb (469 kg) of its 2009 commercial quota to New Jersey to cover the summer flounder landings of one North Carolina vessel granted safe harbor in New Jersey due to mechanical issues on December 18, 2008. Although this event occurred at the end of the previous fishing year, both states have agreed to apply their transfer amounts to the 2009 quota allocations. The Regional Administrator has determined that the criteria set forth in § 648.100(d)(3) have been met. The revised quotas for calendar year 2009 are: North Carolina, 2,917,924 lb (1,323,184 kg); Virginia, 2,317,924 lb (1,051,393 kg); and New Jersey, 1,796,946 (1,051,393 kg).

Fisheries off West Coast States; Pacific Coast Groundfish Fishery; Pacific Whiting Allocation

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Reapportionment of surplus Pacific whiting allocation; request for comments.

SUMMARY: NMFS has determined that 4,000 metric tons (mt) of the shore-based sector allocation and 6,000 mt of the mothership sector allocation would not be used by December 31, 2008. Therefore, NMFS has reapportioned the surplus whiting to the catcher/processor sector of the fishery.

DATES: Effective from 1400 local time (l.t.) November 26, 2008, until December 31, 2008, unless modified, superseded or rescinded. Comments will be accepted through February 27, 2009.
