Abstract: In order to fulfill its Government-wide statutory mission to mediate FOIA disputes between requesters and agencies, OGIS must communicate with Government departments and agencies regarding the

Customers provide this information by phone, fax, email, or mail.

OGIS and other agencies must handle FOIA and Privacy Act-protected case information in conformity with the requirements of the FOIA and Privacy Act, including 5 U.S.C. 552a(b), which prohibits agencies from releasing Privacy-Act protected information without an already-established routine use or consent of the person to whom the information pertains. OGIS uses the information customers provide in this information collection to contact customers, request information on the customer's case from other Federal agencies, and provide the requested assistance. Without the information submitted in the intake process and the consent form, OGIS would be unable to get the information from other agencies or fulfill its mediation mission.

II. Current Actions

The *Building a National Network of Museums and Libraries for School Readiness* (SRP) is a project funded by IMLS that seeks to undertake a multilevel approach to expanding nationwide the IMLS-funded School Readiness through Partnerships model that addresses persistent gaps in early childhood education and school readiness. The goal of the SRP is to amplify the strength of organizations serving children and families by forming coalitions that ensure all children in their regions, regardless of socio-economic or linguistic background, have the skills needed to enter school prepared for success. Strongly aligned with the IMLS's goal to build capacity for museum and library staff, the SRP will engage six states and institutions nationwide in harnessing the power of museums and libraries to support school readiness.

Over the three year project timeline, BCM will maintain and continuously improve existing networks in Massachusetts; scale existing efforts in South Carolina and Virginia; pilot grassroots museum and library networks in three additional states (TBD) in collaboration with the BUILD Initiative ("BUILD"); and develop sustainability mechanisms for the network within and among the states. By the end of three years, there will be six statewide networks in sustaining mode nationwide. All of this will be done in consultation with IMLS. The Education Development Center (EDC) will serve as the third-party evaluator for the project, documenting the progress and testing the effectiveness of the model in building institutional readiness to serve families in their regions.
