

significant emotional impairments are not violated. Whenever the annual PAIMI appropriation reaches \$30 million or more, State P&A systems may serve PAIMI-eligible individuals, as defined under the Act [42 U.S.C. at 10802(4)], residing in the community, including their own homes. However, persons residing in public and private residential care or treatment facilities have priority for all State P&A system PAIMI Program services [42 U.S.C. at 10804(d)].

The PAIMI Act requires State P&A systems to file an annual report on their

activities and accomplishments and to provide information on such topics as: numbers of individuals served, types of complaints addressed, and the number of intervention strategies used to resolve the presenting issues, and actual expenditures. Under the Act, there is an Advisory Council which is also required to submit an annual report that assesses the effectiveness of the services provided to, and the activities conducted by, the P&A systems on behalf of PAIMI eligible individuals and their family members. In this submission, CMHS is reinstating

information on fiscal year actual budget expenditures and making primarily minor changes to the annual reports. Also, CMHS will consult with the Center for Medicaid and Medicaid Services on mutual issues related to the use of seclusion and restraint in residential care and treatment facilities. The revised report formats will be effective for the PAIMI report due on January 1, 2005. The annual burden estimate is as follows:

	No. of respondents	No. of responses per respondent	Hours per response	Total hour burden
Annual Program Performance Report	57	1	28	1,596
Activities & Accomplishments			(20)	(1,140)
Performance outcomes			(3)	(171)
Expenses			(2)	(114)
Budget			(2)	(114)
Priority statements & objectives			(1)	(57)
Advisory Council Report	57	1	10	570
Total	114			2,166
