Uncovered Innerspring Units From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2013–2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) is conducting an administrative review of the

antidumping duty order on uncovered innerspring units (“innerspring units”) from the People’s Republic of China (“PRC”). The period of review is February 1, 2013, through January 31, 2014. The review covers two exporters of subject merchandise: Comfort Coil Technology Sdn Bhd (“Comfort Coil”) and Creative Furniture & Bedding Manufacturing (“Creative Furniture”). The Department preliminarily determines that Comfort Coil had no shipments of subject merchandise during the POR. The Department also preliminarily determines that Creative Furniture did not cooperate to the best of its ability and is, therefore, applying adverse facts available (“AFA”) to Creative Furniture’s PRC-origin merchandise. Interested parties are invited to comment on these preliminary results.

FOR FURTHER INFORMATION CONTACT: Susan Pulongbarit, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4031.

SUPPLEMENTARY INFORMATION:

Background

On February 19, 2009, the Department published in the **Federal Register** notice of an antidumping duty order on innerspring units from the PRC (“the Order”).¹ On February 28, 2014, Leggett & Platt, Inc. (“Petitioner”) submitted a request for the Department to conduct an administrative review of the Order that examines Comfort Coil’s and Creative Furniture’s exports of subject merchandise made during the POR.² On April 1, 2014, the Department published in the **Federal Register** a notice of initiation of this administrative review of the Order concerning Comfort Coil’s and Creative Furniture’s POR exports of subject merchandise.^{3,4}

Scope of the Order

The merchandise subject to the order is uncovered innerspring units

composed of a series of individual metal springs joined together in sizes corresponding to the sizes of adult mattresses (e.g., twin, twin long, full, full long, queen, California king and king) and units used in smaller constructions, such as crib and youth mattresses. The product is currently classified under subheading 9404.29.9010 and has also been classified under subheadings 9404.10.0000, 7326.20.0070, 7320.20.5010, or 7320.90.5010 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.⁵

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). With respect to Creative Furniture, we relied on facts available and, because Creative Furniture did not act to the best of its ability to respond to the Department's requests for information, we drew an adverse inference in selecting from among the facts otherwise available.⁶

For a full description of the methodology underlying our conclusions, please see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS").⁷ ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision

Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Determination of No Shipments

Comfort Coil timely submitted a certification indicating that it had no exports, sales, or entries of subject merchandise to the United States during the POR.⁸ To corroborate Comfort Coil's no shipments claim, the Department submitted a formal query to U.S. Customs & Border Protection ("CBP"), the results of which did not provide any evidence that contradicts Comfort Coil's claim of no shipments. Moreover, no party commented on Comfort Coil's no shipments claim or the results of the CBP query. Based on the certification of Comfort Coil and our analysis of the CBP information, the Department preliminarily determines that Comfort Coil did not have any reviewable transactions during the POR. In addition, consistent with the Department's practice in nonmarket economy ("NME") cases, the Department finds that it is appropriate not to rescind the review, in part, in these circumstances, but rather to complete the review with respect to Comfort Coil and issue appropriate instructions to CBP based on the final results of the review.⁹

Preliminary Results of Review

The Department preliminarily determines that a dumping margin of 234.51 percent exists for Creative Furniture for the period February 1, 2013, through January 31, 2014.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁴ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. We will instruct CBP to assess duties at the *ad valorem* margin rate published above. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any assessment rate calculated in the final results of this review is above *de minimis*. Additionally, pursuant to its assessment practice in NME cases, if the Department continues to determine that Comfort Coil had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.¹⁵ The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable. The Department will assess duties only on entries of Comfort Coil's

and Creative Furniture's PRC-origin merchandise.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For Comfort Coil, which claimed no shipments, the Department has not established a cash deposit rate in this administrative review, for Creative Furniture, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required) and the Department will collect cash deposits only on Comfort Coil's and Creative Furniture's PRC-origin merchandise; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 234.51 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: February 13, 2015.

This data collection project will be coordinated by the NOAA Marine Debris Program, and involve recreational and commercial vessels (respondents), shipboard observers (respondents), NGOs (respondents) as well as numerous experts on marine debris observations at sea. The Shipboard Observation Form for Floating Marine Debris was created based on methods used in studies of floating marine debris by established researchers, previous shipboard observational studies conducted at sea by NOAA, and the experience and input of recreational sailors. The goal of this form is to be able to calculate the density of marine debris within an area

of a known size. Additionally, this form will help collect data on potential marine debris resulting from the March 2011 Japan tsunami in order to better model movement of the debris as well as prepare (as needed) for continued debris arrival to areas around the Pacific. This form may additionally be used to collect data on floating marine debris in any water body.

Affected Public: Individuals or households; not-for-profit institutions; business or other for-profit organizations.
