

contain the policy and establish the procedures that BPA uses in the solicitation, award, and administration of its purchases of goods and services, including construction, are available in printed form for \$30, or without charge at the following Internet address: <http://www.bpa.gov/Corporate/kgp/bpi/bpi.htm>. Copies of the Bonneville Financial Assistance Instructions (BFAI), which contain the policy and establish the procedures that BPA uses in the solicitation, award, and administration of financial assistance instruments (principally grants and cooperative agreements), are available in printed form for \$15 each, or available without charge at the following Internet address: <http://www.bpa.gov/Corporate/kgp/bfai/bfai.htm>.

ADDRESSES: Unbound copies of the BPI or BFAI may be obtained by sending a check for the proper amount to the Head of the Contracting Activity, Routing CK-1, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon 97208-3621.

FOR FURTHER INFORMATION CONTACT: Manager, Corporate Communications, 1-800-622-4519.

SUPPLEMENTARY INFORMATION: BPA was established in 1937 as a Federal Power Marketing Agency in the Pacific Northwest. BPA operations are financed from power revenues rather than annual appropriations. BPA's purchasing operations are conducted under 16 U.S.C. 832 *et seq.* and related statutes. Pursuant to these special authorities, the BPI is promulgated as a statement of purchasing policy and as a body of interpretative regulations governing the conduct of BPA purchasing activities. It is significantly different from the Federal Acquisition Regulation, and reflects BPA's private sector approach to purchasing the goods and services that it requires. BPA's financial assistance operations are conducted under 16 U.S.C. 832 *et seq.*, and 16 U.S.C. 839 *et seq.* The BFAI express BPA's financial assistance policy. The BFAI also comprise BPA's rules governing implementation of the principles provided in the following OMB circulars:

A-21 Cost Principles for Educational Institutions.

A-87 Cost Principles for State, Local and Indian Tribal Governments.

A-102 Grants and Cooperative Agreements with State and Local Governments.

A-110 Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations

A-122 Cost Principles for Non-Profit Organizations.

A-133 Audits of States, Local Governments and Non-Profit Organizations.

BPA's solicitations and contracts include notice of applicability and availability of the BPI and the BFAI, as appropriate, for the information of offerors on particular purchases or financial assistance transactions.

Issued in Portland, Oregon, on August 27, 2004.

Kenneth R. Berglund,

Manager, Contracts and Property Management.

BILLING CODE 6550-01-M

ENVIRONMENTAL PROTECTION AGENCY

[RCRA-2004-0007; FRL-7826-5]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Identification, Listing and Rulemaking Petitions (Renewal), EPA ICR Number 1189.14, OMB Control Number 2050-0053

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on November 30, 2004. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while the submission is pending at OMB. This ICR describes the nature of the information collection and its expected burden and cost.

DATES: Additional comments may be submitted on or before November 12, 2004.

ADDRESSES: Submit your comments, referencing docket ID number RCRA-2004-0007, to (1) EPA online using EDOCKET (our preferred method), by email to rcra-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Resource Conservation and Recovery Act (RCRA) Docket, Mail Code 5305T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB at:

Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Narendra Chaudhari, Office of Solid Waste, Mail Code 5304W, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703)308-0454; fax number: (703)308-0514; email address: chaudhari.narendra@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On June 10, 2004 (69 FR 32545), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments on this ICR.

EPA has established a public docket for this ICR under Docket ID number RCRA-2004-0007, which is available for public viewing at the RCRA Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202)566-1744, and the telephone number for the RCRA Docket is (202)566-0270. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the

official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to www.epa.gov/epadocket.

Title: Identification, Listing and Rulemaking Petitions (Renewal).

Abstract: Under 40 CFR 260.20(b), all rulemaking petitioners must submit basic information with their demonstrations, including name, address, and statement of interest in the proposed action. Under § 260.21, all petitioners for equivalent testing or analytical methods must include specific information in their petitions and demonstrate to the satisfaction of the Administrator that the proposed method is equal to, or superior to, the corresponding method in terms of its sensitivity, accuracy, and reproducibility. Under § 260.22, petitions to amend part 261 to exclude a waste produced at a particular facility (more simply, to delist a waste) must meet extensive informational requirements. When a petition is submitted, the Agency reviews materials, deliberates, publishes its tentative decision in the **Federal Register**, and requests public comment. EPA also may hold informal public hearings (if requested by an interested person or at the discretion of the Administrator) to hear oral comments on its tentative decision. After evaluating all comments, EPA publishes its final decision in the **Federal Register**.

40 CFR 260.30–260.31, and 260.33 comprise the standards, criteria, and procedures for variances from classification as a solid waste for three types of materials, materials that are collected speculatively without sufficient amounts being recycled; materials that are reclaimed and then reused within the original primary production process in which they were generated; and materials which have been reclaimed, but must be reclaimed further before the materials are completely recovered. Under 40 CFR 260.32 and 260.33 are regulations governing the procedures and criteria for obtaining a variance for classification as a boiler. This variance is available to owners or operators of enclosed flame combustion devices.

40 CFR 261.3 and 261.4 contain provisions that allow generators to obtain a hazardous waste exclusion for certain types of wastes. Facilities

applying for these exclusions must submit a notification, or supporting information and/or keep detailed records. Under § 261.3(a)(2)(iv), generators may obtain a hazardous waste exclusion for wastewater mixtures subject to Clean Water Act regulation. Under § 261.3(c)(2)(ii)(C), generators may obtain an exclusion for certain non-wastewater residues resulting from high temperature metals recovery (HTMR) processing of K061, K062 and F006 waste. Also, under § 261.4(a)(20)(ii)(A), generators and intermediate handlers may obtain a hazardous waste exclusion for zinc-bearing hazardous secondary materials that are to be incorporated into zinc fertilizers. In addition, under § 261.4(b)(6), generators of chromium-containing waste may obtain a hazardous waste exclusion under certain conditions.

Also addressed under this section is the shipment of samples between generators and laboratories for the purpose of testing to determine their characteristics or composition. Sample handlers who are not subject to the Department of Transportation (DOT) or the United States Postal Service (USPS) shipping requirements must comply with the information requirements of § 261.4(d)(2).

When intended for treatability studies, hazardous waste otherwise subject to regulation under Subtitle C of the Resource Conservation and Recovery Act (RCRA) is exempted from these regulations, provided that the requirements in § 261.4(e)–(f) are met, including the following information requests: initial notification, record keeping, reporting, and final notification. In addition, generators and collectors of treatability study samples also may request quantity limit increases and time extensions, as specified in § 261.4(e)(3).

40 CFR 261.31(b)(2)(ii) governs procedures and informational requirements for generators and treatment, storage and disposal facilities to obtain exemptions from listing as F037 and F038 wastes. Also under this section are regulations promulgated in 1990 under § 261.35(b) and (c) governing procedures and information requirements for the cleaning or replacement of all process equipment that may have come into contact with chlorophenolic formulations or constituents thereof, including, but not limited to, treatment cylinders, sumps, tanks, piping systems, drip pads, fork lifts, and trams.

EPA anticipates that some data provided by respondents will be claimed as Confidential Business Information (CBI). Respondents may

make a business confidentiality claim by marking the appropriate data as CBI. Respondents may not withhold information from the Agency because they believe it is confidential. Information so designated will be disclosed by EPA only to the extent set forth in 40 CFR part 2.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection varies depending on the type of petition or demonstration. For example, it is estimated that the average reporting burden per respondent ranges from 0.00 hours (equipment cleaning and replacement) to 788 hours (preparation of a delisting petition). The average recordkeeping burden per respondent ranges from 63.75 hours (equipment cleaning and replacement) to 1.75 hours (delisting petition). Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Business.

Estimated Number of Respondents: 155.

Frequency of Response: Varies.

Estimated Total Annual Hour Burden: 21,511 hours.

Estimated Total Annualized Cost Burden: \$2,206,000, includes \$895,000 annualized capital/startup or O&M costs.

Changes in the Estimates: There is an increase of 701 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase is due primarily to respondents submitting a greater number of relatively more complex delisting petitions to EPA, which

require collection of additional information and more time to prepare the petitions. The burden increase is an adjustment to the existing estimates based on data gathered through consultations with EPA Regional Offices and the regulated community and not a result of program changes.

Dated: September 28, 2004.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[OECA-2004-0015; FRL-7826-4]

Agency Information Collection Activities; Submission for OMB Review and Approval; Comment Request; NSPS for Hospital/Medical/Infectious Waste Incinerators (40 CFR part 60, subpart Ec) (Renewal), ICR Number 1730.04, OMB Number 2060-0363

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act, this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on November 30, 2004. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before November 12, 2004.

ADDRESSES: Submit your comments, referencing docket ID number OECA-2004-0015, to (1) EPA online using EDOCKET (our preferred method), by email to docket.oeca@epa.gov, or by mail to: Environmental Protection Agency, EPA Docket Center (EPA/DC), Enforcement and Compliance Docket and Information Center, Mail Code 2201T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Learia Williams, Compliance Assessment and Media Programs Division, Office of Compliance, (Mail Code 2223A), Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; e-mail address: williams.learia@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 25, 2004 (69 FR 29718), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID No. OECA-2004-0015, which is available for public viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket and Information Center Docket is: (202) 566-1752. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise

restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: NSPS for Hospital/Medical/Infectious Waste Incinerators (40 CFR part 60, subpart Ec) (Renewal).

Abstract: The New Source Performance Standards (NSPS) for Hospital/Medical/Infectious Waste Incinerators (HMIWI), burning hospital waste and/or medical infectious waste, are subject to specific reporting and recordkeeping requirements.

Notification reports are required upon the construction, reconstruction, or modification of an HMIWI. Also, required are one-time-only reports of initial performance test data and continuous measurements of site-specific operating parameters. Annual compliance reports are required on a variety of site-specific operating parameters, including exceedance of applicable limits. Semiannual compliance reports of emission rates or operating parameter data that were not obtained when exceedances of applicable limits occurred are also required. Affected entities must retain reports and records for five years under 40 CFR part 60, subpart Ec and 40 CFR part 60, subpart A—General Provisions.

Co-fired combustors and incinerators burning only pathological, low-level radioactive, and/or chemotherapeutic waste are required to submit notification reports of an exemption claim, and an estimate of the relative amounts of waste and fuels to be combusted. These co-fired combustors and incinerators are also required to maintain records on a calendar quarter basis, of the weight of hospital waste combusted, the weight of medical/infectious waste combusted, and the weight of all other fuels and waste combusted.

All reports required under NSPS and the General Provisions are submitted to the respondent's state, tribal, or a local agency, whichever has been delegated enforcement authority by the EPA. The information is used by the EPA solely to determine that all sources subject to the NSPS are in compliance, and that the control system installed to comply with the standards is being properly operated and maintained. Based on reported information, EPA can decide which facilities should be inspected and what records or processes should be inspected at the facilities. The records that the owner/operators maintain would indicate to EPA whether facility
