

reporting under 39 CFR 3055.3(a)(3), the standing exception in Order No. 996 for all agreements filed in the Inbound Market Dominant Multi-Service Agreements with Foreign Postal Operators 1 product grouping.⁵

Consistency with applicable statutory criteria. The Postal Service observes that Commission review of a negotiated service agreement addresses three statutory criteria under 39 U.S.C. 3622(c)(10), whether the agreement: (1) Improves the Postal Service's net financial position or enhances the performance of operational functions; (2) will not cause unreasonable harm to the marketplace; and (3) will be available on public and reasonable terms to similarly situated mailers. Notice at 7. The Postal Service asserts that it addresses the first two criteria in its Notice and that the third is inapplicable, as there are no entities similarly situated to China Post Group in terms of their ability to tender small packet with delivery scanning flows from China or serve as a designated operator for letter post originating in China. *Id.*

Functional equivalence. The Postal Service addresses reasons why it considers the Agreement functionally equivalent to the China Post 2010 Agreement filed in Docket No. R2010–6.⁶ The Postal Service asserts that it does not consider that the specified differences detract from the conclusion that the Agreement is functionally equivalent to the baseline China Post 2010 Agreement. Notice at 11.
