

policy applies to information submitted electronically or in paper form, except where restricted by copyright, CBI, or statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment placed in EPA's electronic public docket; the entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to E-Docket. Physical objects will be photographed, where practical, and the photograph will be placed in E-Docket along with a brief description written by the docket staff.

You may submit comments electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, include the appropriate docket identification number with your submission. Please adhere to the specified submitting period; public comments received or submitted past the closing date will be marked "late" and may only be considered if time permits.

If you submit public comments electronically, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include these contact details on the outside of any submitted disk or CD-ROM, and in any cover letter accompanying the disk or CD-ROM. This ensures that you can be identified as the person submitting the public comments and allows EPA to contact you in case the Agency cannot read your submission due to technical difficulties, or needs further information on the substance of your comment. EPA will not edit your comment, and any identifying or contact information provided in the body of the comment will be included as part of the comment placed in the official public docket and made available in E-Docket. If EPA cannot read what you submit due to technical difficulties and cannot contact you for clarification, it may delay or prohibit EPA's consideration of your comments.

Electronic submission of comments via E-Docket is the preferred method for receiving comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and key in Docket ID No. ORD-2005-0016. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact details

unless you provide it in the body of your comment.

Comments may be sent by electronic mail (e-mail) to *ORD.Docket@epa.gov*, Attention Docket ID No. ORD-2005-0016. In contrast to EPA's electronic public docket, EPA's e-mail system is *not* an "anonymous access" system. If you send an e-mail directly to the docket without going through EPA's E-Docket, EPA's e-mail system automatically captures your e-mail address, and it becomes part of the information in the official public docket and is made available in E-Docket.

You may submit comments on a disk or CD-ROM mailed to the OEI Docket mailing address. Files will be accepted in WordPerfect, Word, or PDF file format. Avoid the use of special characters and any form of encryption.

If you provide comments in writing, please submit one unbound original with pages numbered consecutively, and three copies. For attachments, provide an index, number pages consecutively with the main text, and submit an unbound original and three copies.
