

international codes and standards used in multinational design certifications, materials, and structural engineering, nuclear analysis and reactor core performance, and nuclear materials and radiation protection. In addition, the ACRS may be requested to provide advice on radiation protection, radioactive waste management, and earth sciences in the agency's licensing reviews for fuel fabrication and enrichment facilities, and for waste disposal facilities. The ACRS also has some involvement in security matters related to the integration of safety and security of commercial reactors.

See NRC Web site at <http://www.nrc.gov/aboutnrc/regulatory/advisory/acrs.html> for additional information about ACRS. Criteria used to evaluate candidates include education and experience, demonstrated skills in nuclear reactor safety matters, the ability to solve complex technical problems, and the ability to work collegially on a board, panel, or committee. The Commission, in selecting its Committee members, considers the need for a specific expertise to accomplish the work expected to be before the ACRS. ACRS Committee members are appointed for four-year terms. The Commission looks to fill one vacancy as a result of this request. For this position, a candidate must have at least 10 years of broad experience in one or more of the following areas:

- Materials, metallurgy and reactor fuels.
- Fracture mechanics.
- Material degradation effects on reactor safety and operation.
- A distinguished record of achievement in one or more areas of nuclear science and technology.

Candidates with pertinent graduate level experience will be given additional consideration. Consistent with the requirements of the Federal Advisory Committee Act, the Commission seeks candidates with diverse backgrounds, so that the membership on the Committee is fairly balanced in terms of the points of view represented and functions to be performed by the Committee. Candidates will undergo a thorough security background check to obtain the security clearance that is mandatory for all ACRS members. The security background check will involve the completion and submission of paperwork to NRC. Candidates for ACRS appointments may be involved in or have financial interests related to NRC-regulated aspects of the nuclear industry. However, because conflict-of-interest considerations may restrict the

participation of a candidate in ACRS activities, the degree and nature of any such restriction on an individual's activities as a member will be considered in the selection process. Each qualified candidate's financial interests must be reconciled with applicable Federal and NRC rules and regulations prior to final appointment. This might require divestiture of securities or discontinuance of certain contracts or grants. Information regarding these restrictions will be provided upon request. As a part of the Stop Trading on Congressional Knowledge Act of 2012, which bans insider trading by members of Congress, their staff, and other high-level federal employees, candidates for appointments will be required to disclose additional financial transactions.

A resume describing the educational and professional background of the candidate, including any special accomplishments, publications, and professional references should be provided. Candidates should provide their current address, telephone number, and email address. All candidates will receive careful consideration. Appointment will be made without regard to factors such as race, color, religion, national origin, sex, age, or disabilities. Candidates must be citizens of the United States and be able to devote approximately 100 days per year to Committee business, but may not be compensated for more than 130 calendar days. Resumes will be accepted until January 11, 2013.

Dated: October 3, 2012.

Andrew Bates,
Advisory Committee Management Officer.

BILLING CODE 7590-01-P

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Nanoscale Science, Engineering and Technology Subcommittee Committee on Technology, National Science and Technology Council; Public Meetings

AGENCY: Executive Office of the President, Office of Science and Technology Policy.

ACTION: Notice of Public Meetings.

SUMMARY: The National Nanotechnology Coordination Office (NNCO), on behalf of the Nanoscale Science, Engineering, and Technology (NSET) Subcommittee of the Committee on Technology, National Science and Technology Council (NSTC) and in collaboration with the European Commission, will

hold the 2012 "EU-U.S.: Bridging NanoEHS Research Efforts" joint workshop on October 25–26, 2012 in Helsinki, Finland. The purpose of this workshop is to further promote and deepen the EU-U.S. collaboration on nanosafety research and to develop the Communities of Research (CoRs). The event is aimed at administrators, policy makers, decision makers, and scientists from the EU and the U.S.

NNCO and the European Commission will also host meetings for the CoRs on the topic of environmental, health, and safety issues related to nanomaterials between the publication date of this Notice and September 30, 2013. These CoRs will provide a platform for scientists from the U.S. and EU to develop a shared repertoire of protocols and methods to overcome research gaps and barriers. The co-chairs for each CoR will convene meetings and set meeting agendas with administrative support from the European Commission and the NNCO.

The CoRs directly address Goal 4.2 of the National Nanotechnology Initiative Strategic Plan: "Develop tools and procedures for * * * international outreach and engagement to assist stakeholders in developing best practices for communicating and managing risks." However, the CoRs are not envisioned to provide any government agency with advice or recommendations.

The CoRs were proposed at the first U.S.-EU workshop on *Bridging NanoEHS Research Efforts*, which was held in Washington, DC in March 2011. Based on feedback from the workshop participants, the following six CoR themes were announced in 2012:

- Exposure through the Life Cycle, with Material Characterization.
- Ecotoxicity Testing and Predictive Models, with Material Characterization.
- Predictive Modeling for Human Health, with Material Characterization.
- Databases and Ontologies.
- Risk Assessment.
- Risk Management and Control.

The CoRs will hold several Webinars and/or conference calls between the publication date of this Notice and September 30, 2013. The envisioned end date for the CoRs is September 30, 2013.

DATES: The workshop will be held on Thursday, October 25, 2012 from 9:00 a.m. until 5:30 p.m. and on Friday, October 26, 2012 from 9:00 a.m. until 4:00 p.m. CoR meetings will take place periodically between the publication date of this Notice and September 30, 2013. Meeting dates and call-in information will be posted on the

Community of Research page at <http://us-eu.org/> as meetings are scheduled.

ADDRESSES: The workshop will be held at Finnish Institute of Occupational Health, Topeliuksenkatu 30, Helsinki, Finland. The CoRs will meet via teleconferences and Web meetings.

Registration: Due to space limitations, pre-registration for the workshop is required. Registration is on a first-come, first-served basis until capacity is reached. Individuals planning to attend the workshop should register online at http://www.ttl.fi/partner/nanoehs_workshop/registration/sivut/default.aspx. Written notices of participation by email should be sent to sstandridge@nnco.nano.gov or mailed to Stacey Standridge, 4201 Wilson Boulevard, Stafford II, Suite 405, Arlington, VA 22230. Individuals wishing to participate in any of the CoRs should send the participant's name, affiliation, and country of residence to Stacey Standridge at either of the addresses above. NNCO will collect email addresses from registrants to ensure that they are included in CoR conference calls and other meetings and that they receive information relevant to the CoR scope from other CoR members. Email addresses are submitted on a completely voluntary basis.

Those interested in presenting 3–5 minutes of public comments at the U.S.-EU workshop on *Bridging NanoEHS Research Efforts* or any of the CoR meetings should register for the appropriate event. For those who are unable to attend the workshop or CoR meetings in person, written or electronic comments should be submitted by email to sstandridge@nnco.nano.gov at least two business days prior to each meeting to provide time to copy and distribute the written comments to the participants.

Meeting Accommodations: Individuals requiring special accommodation to access these public meetings should contact Stacey Standridge (telephone 703–292–8103) at least ten business days prior to each meeting so that appropriate arrangements can be made.

FOR FURTHER INFORMATION CONTACT: For information regarding this Notice, please contact Stacey Standridge at National Nanotechnology Coordination Office, by telephone (703–292–8103) or email (sstandridge@nnco.nano.gov). Additional information about the workshop, including the agenda, is posted at http://www.ttl.fi/partner/nanoehs_workshop/sivut/default.aspx. Additional information about the CoRs

and their upcoming meetings is posted at <http://us-eu.org/>.

Ted Wackler,
Deputy Chief of Staff and Assistant Director.

BILLING CODE P

SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meeting

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Public Law 94–409, that the Securities and Exchange Commission will hold a Closed Meeting on Thursday, October 11, 2012 at 2 p.m.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the Closed Meeting. Certain staff members who have an interest in the matters also may be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(3), (5), (7), 9(B) and (10) and 17 CFR 200.402(a)(3), (5), (7), 9(ii) and (10), permit consideration of the scheduled matters at the Closed Meeting.

Commissioner Gallagher, as duty officer, voted to consider the items listed for the Closed Meeting in a closed session.

The subject matter of the Closed Meeting scheduled for Thursday, October 11, 2012 will be:

Institution and settlement of injunctive actions;

Institution and settlement of administrative proceedings; and

Other matters relating to enforcement proceedings.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact:

The Office of the Secretary at (202) 551–5400.

Dated: October 4, 2012.

Kevin M. O'Neill,

Deputy Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–67959; File No. SR–EDGX–2012–44]

Self-Regulatory Organizations; EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to EDGX Rule 11.5 To Add a New Order Type

October 2, 2012.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the “Act”) ² and Rule 19b–4 thereunder, ³ notice is hereby given that on September 25, 2012, EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 11.5(c) to add a new order type, the NBBO Offset Peg Order, to the rule. The text of the proposed rule change is available on the Exchange's Web site at www.directedge.com, at the Exchange's principal office and at the Public Reference Room of the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to add a new order type to Exchange Rule 11.5(c), the NBBO Offset Peg Order. While the
