

transaction by the broker-dealer or certain related persons (unless the person receives certain materials from the lender or broker-dealer which contain the required information); and (2) obtains from the person information on the person's financial situation and needs, reasonably determines that the transaction is suitable for the person, and retains on file and makes available to the person on request a written statement setting forth the broker-dealer's basis for determining that the transaction was suitable. The collection of information required by Rule 15c2-5 is necessary to execute the Commission's mandate under the Exchange Act to prevent fraudulent, manipulative, and deceptive acts and practices by broker-dealers.

The Commission estimates that there are approximately 50 respondents that require an aggregate total of 600 hours to comply with Rule 15c2-5.¹ Each of these approximately 50 registered broker-dealers makes an estimated six annual responses, for an aggregate total of 300 responses per year.² Each response takes approximately two hours to complete. Thus, the total compliance burden per year is 600 burden hours.³ The approximate internal compliance cost per hour is \$57.00 for clerical labor,⁴ resulting in a total internal compliance cost of \$34,200.⁵ These reflect internal labor costs; there are no external labor, capital, or start-up costs.

Although Rule 15c2-5 does not specify a retention period or record-keeping requirement under the rule, broker-dealers are required to preserve the records for a period no less than six years pursuant to Rule 17a-4(c). The information required under Rule 15c2-5 is necessary for broker-dealers to engage in the lending activities prescribed in the Rule. Rule 15c2-5 does not assure confidentiality for the information retained under the rule.⁶

¹ 50 respondents × 6 responses per year × 2 hours per response = 600 hours per year.

² 50 respondents × 6 responses per year = 300 responses per year.

³ 300 responses per year × 2 hours per response = 600 hours per year.

⁴ Cost per hour for a clerk is from SIFMA's Office Salaries in the Securities Industry 2013, modified by Commission staff to account for an 1800-hour work-year and multiplied by 2.93 to account for bonuses, firm size, employee benefits and overhead.

⁵ 600 hours per year × \$57.00 per hour = \$34,200 per year.

⁶ The records required by Rule 15c2-5 would be available only for examination purposes of the Commission staff, state securities authorities, and the self-regulatory organizations. Subject to the provisions of the Freedom of Information Act, 5 U.S.C. 552, and the Commission's rules thereunder (17 CFR 200.80(b)(4)(iii)), the Commission does not generally publish or make available information contained in any reports, summaries, analyses,
