

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv)(A), (B), and (C), PTDT submitted documentation establishing the following: (1) the date on which PTDT first shipped subject merchandise for export to the United States; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.

The Department conducted U.S. Customs and Border Protection ("CBP") database queries in an attempt to confirm that PTDT's shipments of subject merchandise had entered the United States for consumption and that liquidation of such entries had been properly suspended for antidumping duties.¹ The Department also examined whether the CBP data confirmed that such entries were made during the NSR POR. The information we examined was consistent with that provided by PTDT.

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), we find that the request submitted by PTDT meets the threshold requirements for initiation of a new shipper review for shipments of diamond sawblades from the PRC produced and exported by PTDT. See "Memorandum to the File From Alan Ray, Case Analyst, New Shipper Initiation Checklist: Diamond Sawblades and Parts Thereof From the People's Republic of China and the Republic of Korea (A-570-900)," dated concurrently with this notice. The POR is January 23, 2009, through April 30, 2010. See 19 CFR 351.214(g)(1)(ii)(B). The Department intends to issue the preliminary results of this NSR no later than 180 days from the date of initiation, and the final results no later than 270 days from the date of initiation. See section 751(a)(2)(B)(iv) of the Act.

It is the Department's usual practice, in cases involving non-market economies, to require that a company seeking to establish eligibility for an

antidumping duty rate separate from the country-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities. Accordingly, we will issue questionnaires to PTDT, which will include a section requesting information with regard to PTDT's export activities for separate rates purposes. The review will proceed if the response provides sufficient indication that PTDT is not subject to either *de jure* or *de facto* government control with respect to its exports of subject merchandise.

We will instruct CBP to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from PTDT in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because PTDT certified that it both produced and exported the subject merchandise, the sale of which is the basis for this new shipper review request, we will apply the bonding privilege to PTDT only for subject merchandise which PTDT both produced and exported.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306. This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: June 17, 2010.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

National Telecommunications and Information Administration

International Trade Administration

Cybersecurity and Innovation in the Information Economy

AGENCY: National Institute of Standards and Technology, National Telecommunications and Information Administration, and International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of public meeting.

SUMMARY: The National Institute of Standards and Technology (NIST), the National Telecommunications and Information Administration (NTIA), and the International Trade Administration (ITA), on behalf of the U.S. Department of Commerce (Department), will hold a public meeting on July 27, 2010, to discuss the relationship between cybersecurity in the commercial space and innovation in the Internet economy.

DATES: The meeting will be held on July 27, 2010, from 9 a.m. to 4:45 p.m., Eastern Daylight Time. Registration will begin at 8:30 a.m.

ADDRESSES: The meeting will be held in the Amphitheater of the Ronald Reagan Building and International Trade Center, 1300 Pennsylvania Avenue, NW., Washington, DC 20006. All major entrances to the building are accessible to people with disabilities.

FOR FURTHER INFORMATION CONTACT: For further information regarding the meeting, contact W. Curt Barker by e-mail at william.barker@nist.gov or by phone at (202) 482-0935.

SUPPLEMENTARY INFORMATION:

Recognizing the vital importance of the Internet to U.S. economic growth and innovation, the Department has made it a top priority to ensure that the Internet remains a vehicle for these important purposes. The Department has assembled an Internet Policy Task Force (Task Force), comprised of Department officials, whose mission is to identify leading public policy and operational challenges in the Internet environment. The Task Force leverages expertise across many bureaus, including those responsible for domestic and international information and communications policy, international trade, cybersecurity standards and best practices, intellectual property, business advocacy and export control.

As part of the Task Force agenda, NIST, NTIA, and ITA are conducting a comprehensive review of cybersecurity and innovation in the Internet economy, with a particular emphasis on the security practices of those businesses that operate non-critical infrastructure. To facilitate this review, on July 27, 2010, NIST, NTIA, and ITA will hold a public meeting to discuss stakeholder views and to encourage public discussion of cybersecurity policy in the United States. The event will seek participation and comment from all interested stakeholders, including the commercial, academic, and civil society sectors, on the impact of current cybersecurity law and governmental policy, the common and emerging techniques used in successful cybersecurity strategies, and the relative

¹ The Department only resumed the suspension of liquidation of sawblades and parts on January 23, 2009, as prior to that date, no order was in place because the ITC found in its final determination that domestic parties had not suffered from the importation of diamond sawblades from the PRC. As such, without an order in place, CBP had no authority to suspend the liquidation of entries. On August 30, 2009, the CIT ordered the Department to issue the order, and it was effective retroactive to January 23, 2009. See *Antidumping Duty Order*. The deposit rates that CBP collected for entries after January 23, 2009, were the antidumping duty rates from the *Final Determination*. See *Final Determination of Sales at Less Than Fair Value and Final Partial Affirmative Determination of Critical Circumstances: Diamond Sawblades and Parts Thereof from the People's Republic of China*, 71 FR 29303, (May 22, 2006) ("*Final Determination*").

roles of the private and public sectors with respect to improving cybersecurity in the commercial arena. The bureaus will explore the changing nature of threats and whether those changes suggest gaps in cybersecurity policy. Similarly, they invite discussion and comment on how the public sector can organize more clearly its roles. The review will also seek to develop a deeper understanding of the relationship of current cybersecurity policy to consumer welfare, job creation, international trade, and fundamental democratic values. The review is being coordinated with the Office of the Cybersecurity Coordinator, Executive Office of the President. As part of this review, the Task Force will shortly issue a notice of inquiry seeking public comments on key issues.

The agenda for the public meeting will be available at least one week prior to the meeting. The agenda will be available on the Internet Policy Task Force Web site, <http://www.ntia.doc.gov/internetpolicytaskforce/> and the NIST's Web site at <http://www.nist.gov>, under Conferences and Events. Gary Locke, Secretary of Commerce, is scheduled to deliver keynote remarks. Also participating with remarks will be Howard Schmidt, White House Cyber Security Coordinator, Cameron Kerry, the Department of Commerce's General Counsel, Patrick Gallagher, Director of the National Institute of Standards and Technology, and Anna Gomez, the Deputy Assistant Secretary for Communications and Information and Deputy National Telecommunications and Information Administrator. Other U.S. Government officials will also participate, as will a number of well-regarded, non-government experts.

The meeting will be open to members of the public on a first-come, first-served basis. To pre-register for the meeting, please send a request to Teresa Vicente at teresa.vicente@nist.gov indicating your name, organizational affiliation, mailing address, telephone, and e-mail address. The meeting will be physically accessible to people with disabilities. Individuals requiring accommodation, such as sign language interpretation or other ancillary aids, should communicate their needs to Teresa Vicente at least five (5) days prior to the meeting. Attendees should arrive at least one-half hour prior to the start of the meeting and must present valid government-issued photo identification upon arrival. Persons who have pre-registered (and received confirmation) will have seating held until 15 minutes before the program begins. Members of

the public will have an opportunity to ask questions at the meeting.

Dated: June 15, 2010.

Katharine B. Gebbie,

Director, Physics Laboratory, National Institute of Standards and Technology.

Lawrence E. Strickling,

Assistant Secretary of Commerce for Communications and Information, National Telecommunications and Information Administration.

Dated: June 22, 2010.

Michelle O'Neill,

Deputy Under Secretary of Commerce for International Trade, International Trade Administration.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

International Trade Administration

Civil Nuclear Trade Advisory Committee Public Meeting

AGENCY: International Trade Administration, DOC.

ACTION: Notice of Federal Advisory Committee Meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of the next meeting of the Civil Nuclear Trade Advisory Committee (CINTAC). The members will discuss issues outlined in the following agenda.

DATES: The meeting is scheduled for: Tuesday, July 13, 2010, from 11 a.m. to 4 p.m. Eastern Daylight Time (EDT).

ADDRESSES: The meeting will be held in Room 1414 at the U.S. Department of Commerce, Herbert Clark Hoover Building, 1401 Constitution Ave., NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Mr. Frank Caliva, Office of Energy & Environmental Industries, International Trade Administration, Room 4053, 1401 Constitution Ave., NW., Washington, DC 20230. (Phone: 202-482-8245; Fax: 202-482-5665; e-mail: Frank.Caliva@trade.gov).

SUPPLEMENTARY INFORMATION:

Background: The CINTAC was established under the discretionary authority of the Secretary of Commerce and in accordance with the Federal Advisory Committee Act (5 U.S.C. App.), in response to an identified need for consensus advice from U.S. industry to the U.S. Government regarding the development and administration of programs to expand United States exports of civil nuclear goods and services in accordance with applicable United States regulations, including

advice on how U.S. civil nuclear goods and services export policies, programs, and activities will affect the U.S. civil nuclear industry's competitiveness and ability to participate in the international market.

Topics to be considered: The agenda for the July 13, 2010, CINTAC meeting is as follows:

1. Welcome
2. DOC briefing on current status of Civil Nuclear Trade Initiative
3. Update on civil nuclear trade policy with India
4. Discussion of DOC small modular reactor report
5. Discussion of subcommittees' work and progress on their respective areas of focus: Domestic competitiveness, technologies, treaties and regulations, advocacy, and talent and workforce.

Public Participation: The meeting will be open to the public and the room is disabled-accessible. Public seating is limited and available on a first-come, first-served basis. Members of the public wishing to attend the meeting must notify Mr. Frank Caliva at the contact information above by 5 p.m. EDT on Friday, July 9, 2010, in order to pre-register for clearance into the building. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting. Last minute requests will be accepted, but may be impossible to fill.

Any member of the public may submit pertinent written comments concerning the CINTAC's affairs at any time before and after the meeting. Comments may be submitted to the Civil Nuclear Trade Advisory Committee, Office of Energy & Environmental Industries, Room 4053, 1401 Constitution Ave., NW., Washington, DC 20230. To be considered during the meeting, comments must be received no later than 5 p.m. EDT on Friday, July 9, 2010, to ensure transmission to the Committee prior to the meeting. Comments received after that date will be distributed to the members but may not be considered at the meeting.

Copies of CINTAC meeting minutes will be available within 90 days of the meeting.

Dated: June 21, 2010.

Edward A. O'Malley,

Director, Office of Energy & Environmental Industries.
